CASTING

VIBRAX® ORIGINAL

The legendary Vibrax® has laid a foundation for a vast collection of spinners from Blue Fox for today's angling styles. The patented two-part body, which virtually eliminates line twist is really what sets all Blue Fox spinners apart. Whether casting for still water predators such as perch and chub, or working fast moving rivers for trout and salmon, this low-frequency spinner is going to create the noise and vibration required to trigger a strike.

- Patented 2-part, machined brass main body
- Rattling, free-turning brass gear
- Stainless steel shaft
- Available in raw brass, silver or copper plated, painted & printed finishes
- Fitted with VMC® hook

MINNOW SUPER VIBRAX®

This long-casting spinner has been designed with a natural baitfish profile in place of a traditional spinner body. When retrieved, the blade spins and flashes in front of the vibrating lure body to catch the attention of any nearby predator fish. The elongated aerodynamic design cuts through air and water with ease, ensuring each cast reaches its maximum potential distance.

- Vibrating body imitates a lively baitfish
- Blade spins and flashes, even on descent
- Long-casting design
- Fitted with VMC® hook
