BLAX BED

- Entry level bed that offers exceptional performance and value.
- The high-density foam filled mattress and fold flat steel frame, results in a highly durable bed that provides a fantastic night's comfort.
- All legs are fully adjustable to combat the most unaccommodating of bankside locations.

Perfect size for use with all our standard size sleeping bags (see pages 11 to 17).

THE DETAIL

- ① High density foam filled mattress and perimeter.
- ② Low-profile neoprene pillow.
- ③ Fold flat steel frame.
- ④ Fully adjustable legs with auto lock adjustment.
- ⑤ 6x swivelling mud-feet.

OUTSTANDING VALUE!

MAGNUM BED

- A feature packed bed that meets the needs of the most dedicated angler.
- Built on a lightweight fold flat Aluminium frame, and incorporating a hollow fibre filled central mattress, the Magnum Bed is highly durable and offers excellent thermal efficiency and comfort.
- Fully adjustable legs with auto lock adjustment to combat the most unaccommodating of bankside locations.
- Available in 2 sizes.

PERFECTLY FLAT FOR AMAZING COMFORT

Perfect size for use with all our standard size sleeping bags (see pages 11 to 17).

THE DETAIL

- ① Hollow fibre filled mattress.
- ② Low-Profile neoprene pillow.
- ③ Lightweight Aluminium fold flat frame.
- ④ CamoSkin™ perimeter.
- ⑤ Side carry handles.
- ⑥ Fully adjustable legs with auto lock adjustment.
- ⑦ 360° articulated mud-feet.

MAGNUM AIR-LINE BED

- Flagship bed that incorporates a self-inflating mattress for ultimate thermal efficiency and unsurpassed comfort.
- Featuring the same fold flat lightweight Aluminium frame as the standard Magnum Bed, the Airline version is highly durable and will provide years of exceptional bankside comfort.
- Fully adjustable legs with auto lock adjustment to combat the most unaccommodating of bankside locations.
- Available in 2 sizes.

Perfect size for use with all our standard size sleeping bags (see pages 11 to 17).

THE DETAIL

- 1 Self-inflating air mattress*.
- 2 Low-Profile neoprene pillow.
- 3 Lightweight Aluminium fold flat frame.
- 4 CamoSkin™ perimeter.
- 5 360° articulated mud-feet.
- 6 Side carry handles.
- 7 Fully adjustable legs with auto lock adjustment.

Locking valve

SIZE STANDARD

SIZE XL

*To inflate, simply open the valve and let the mattress inflate. Close the valve to hold air during use. To deflate, open the valve and fold the bed flat.

BED CHAIR TABLE

- Lightweight table that is compatible with 22mm profile beds and chairs.
- Perfect storage area for all accessories you need to hand.

SLEEPING BAGS

Being comfortable on the bank is a must – The more comfortable you are, the better you'll fish... and this will ultimately contribute to your success rate. Here at Carp Spirit we take bankside comfort very seriously, so when we developed a complete new range of Magnum and BLAX Sleeping bags and covers, there was a huge focus on research, development and testing to ensure that the finished range of products are the very best available on the market, yet still offer excellent value for money. Rather than just develop a new range of sleeping bags in isolation, we actually designed them as a parallel development alongside the all new Magnum and BLAX beds. The end result is a superb synergy between both our Sleeping bags and beds that uses a simple 2 sizing system:

So whether you're fishing summer nights under a brolly, or a winter session in sub-zero temperatures, you can be sure that there's a Carp Spirit sleeping bag with the performance to meet your requirements that will keep you comfortable and warm during your session.

**UNSURPASSED COMFORT
AT EXCEPTIONAL
PRICE POINTS.**

**EXCEPTIONAL
VALUE!**

BLAX 3 SEASON

- Offers fantastic value and performance plus a host of features normally associated with sleeping bags twice the price.
- Ideal for use in Spring, Summer or Autumn, thanks to its 3-season silicone treated hollow fibre filling; it offers excellent insulation yet is still lightweight and practical.
- **Filling:** 3 season Hollow Fibre filling with silicone treatment for increased volume & longevity.
- **Outer:** Water resistant 190T polyester.
- **Inner:** Smooth micro weave polyester.

Large neck baffles to keep you warm.

10mm heavy-duty crash zips.

MIN TEMP
0°C ❄️

Supplied in stuff sack.

THE DETAIL

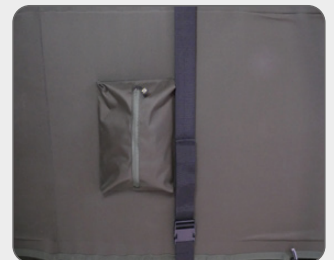

- ① Oval cut out – Allows you to be fully zipped in for maximum warmth.
- ② Closely spaced full length panel stitching.
- ③ Side zips stop short at the base to creating a thermal pocket around your feet.
- ④ Draw cord base.
- ⑤ Oversized external/internal zip baffles.
- ⑥ Hooded pillow retention draw cord.

Oversized head to secure to bed.

Velcro leg cut outs to help secure to bed.

Central securing strap.

Perfect with our range of beds: Pages 06-07.

MAGNUM 4 SEASON

- A true all-season bag that provides outstanding performance thanks to its 4 season silicone treated Hollow Fibre filling.
- The unique 50/50 lining uses Micro fleece around the head and body area, which is instantly warm to the touch, whilst the lower part of the bag is made using smooth rip stop material to reduce the chances of the bag pulling and catching on your legs.
- **Filling:** 4 season Hollow Fibre filling with silicone treatment for increased volume & longevity.
- **Outer:** Waterproof Rip-Stop Polyester outer fabric.
- **Inner:** Unique 50/50 lining – Micro fleece upper / Smooth Rip-Stop polyester lower.

SIZE STANDARD

SIZE XL

MIN TEMP -10°C ❄️

MAGNUM THERMAL BED COVER

- Versatile cover that is fully breathable so can be used on its own just like a duvet, ideal for warm summer nights; or it can be an additional layer for your existing bag to further increase insulation in the winter months.
- 4 connection points – can be used in 'poncho style' by propping up.
- 2 small corner pockets.
- **Filling:** Hollow Fibre filling with silicone treatment for increased volume & longevity.
- **Outer:** Water resistant peach-skin polyester.
- **Inner:** Micro polar fleece.
- Fit Standard and XL bed.

Perfect with our range of beds: Pages 06-07.

MIN TEMP
10°C ❄️

HALF MOON PILLOW

- The perfect pillow with the perfect shape – specially designed to fit sleeping bags.
- Fully reversible: featuring a micro fleece covering on one side that's instantly warm to the touch and ideal for the winter use, and a cool peach skin fabric on the other, perfect for the summer.
- Fits both Standard and XL Carp Spirit Sleeping Bags.

Winterskin

- Constructed using tough & durable 210D PU backed nylon (5,000mm² hydrostatic head), with thermally taped seams throughout.
- 2-rib design Aluminium main frame is lightweight and features a front porch peak – perfect for when fishing the front door letter box style.
- Sides mosquito vents can be used by simply rolling back the covers.
- The front door features 3 options of closed, PVC or Mosquito mesh.
- The front itself can be completely rolled back and clipped into place to provide maximum visibility of the lake.
- Durable lightweight PU groundsheet, heavy duty moulded 'T' pegs, and oversized carry bag included.
- Available in 1- and 2-man options
- A full Winter Skin is also available separately for both sizes for added comfort in the most extreme conditions.

RAZORLITE BIVVY

NEW AUTUMN 2022

BIVVIES & SHELTERS

LIGHT & FAST BUILD

Full Bivvy

Winterskin

Letterbox

Shelter

- A lightweight bivy that can be configured to suit a host of different situations. Fish without the front as a day shelter for short sessions or when on the move, add the front to become a bivvy, or add the winterskin for extreme weather conditions.
- Constructed using tough and durable 200D Nylon PU Fabric (8000mm² Hydrostatic Head), and 7001 Aerospace grade flexible Aluminium poles, the Razorlite is the ultimate lightweight bivvy.
- Zip in front panel and be fully removed or rolled and clipped back.

- Solid center door with mosquito mesh – can be fished 'letter box' style.
- Thermally taped seams throughout.
- Velcro rod straps.
- Medium weight PVC groundsheet, heavy duty molded 'T' pegs, and oversized carry bag included.
- A full Winter Skin is also available separately for added comfort in the most extreme conditions.

- Range up to 150m.
- 2.5mm power out socket.
- Protection case included.

SET OF 3+1

SET OF 4+1

MAGNUM 100 BIVVY

NEW AUTUMN 2022

Camo Zip in Mozzi Mesh.

- The feature packed Magnum 100 bivvy is constructed using a 2-piece 360-degree centre block that enables rapid setup and pack down.
- The lightweight aluminium frame with individual leg tension bungees, and moulded elbow joints, ensures reliability and confidence even in the harshest of conditions.
- Wrapped in our high-performance HYDRO-SKIN material (20,000mm² Hydrostatic Head) that features black out technology, the bivvy is the perfect option for harsh winters and light summer mornings.
- The flat back design allows beds to be placed towards the back creating more useable floor space and increased headroom.
- Additional features include; height adjustable splay frame design, 2x Rear Mosquito vents, thermally taped seams throughout, Velcro rod straps, zip off front infill panel (infill panel sides can also be rolled and clipped back), solid centre door with mosquito mesh - can be fished 'letter box' style, internal mesh storage pockets.
- Heavy duty groundsheet, heavy duty storm poles, heavy duty Moulded 'T' pegs and oversized carry bag included.
- Camo Mosquito Mesh full zip front Panel available separately.

EVEREST 1 MAN

SUPER STRONG
AND LIGHTWEIGHT
FRAME

Winterskin

- The Everest 1 man bivy is both quick and easy to erect.
- Constructed using ARMA-SKIN™ fabric (10,000mm² Hydrostatic Head), on a 4 rib Aluminium frame, it is incredibly strong and stable.
- The extended front rib provides additional protection and cover over the door area from the elements, particular useful for when using the front door 'letterbox' style.

- The fully removable front panel features side mosquito meshes and a multi-configuration door that can be used in closed, mosquito, or clear PVC window.
- Rear mosquito vents have also been added for increased ventilation and velcro rod support straps have been added to the frame as standard.
- Heavy duty groundsheet, heavy duty moulded 'T' pegs, and oversized carry bag included.
- A full Winter Skin* is also available separately for added comfort in the most extreme conditions.

* Will accept two Beds with front panel removed and Winter skin fitted. Mini porch groundsheet supplied to be used for this configuration.

MINI DOLMEN

ALL SEASON
SUPPLIED WITH
HALF WINTERSKIN

- Featured packed bivvy, perfect for long sessions on the bank.
- Constructed using ARMA-SKIN™ fabric (10,000mm² Hydrostatic Head), on a unique Aluminium frame design, the Mini Dolmen offers a spacious bivvy that is incredibly strong and stable.
- 180cm height makes it possible for most to fully stand inside.
- The front and back panels can be fully rolled back, and feature side mosquito meshes and multi-configuration doors that can be used in closed, mosquito, or clear PVC window.

- Double door entry – door at each end of the bivvy for easy access.
- Mesh roof design for maximum ventilation.
- Heavy duty groundsheet, heavy duty moulded 'T' pegs, and oversized carry bag included.
- Supplied with a half Winter Skin as standard, a full Winter Skin is also available separately for added comfort in the most extreme conditions.

ALARM

HD3

- Our smallest most compact design bite alarm we've ever produced. This has been achieved by removing the traditional front speaker from the alarm, leaving the job of audible indication to the speaker on the wireless HD3R receiver.
- Adjustable 6 colour LED (Red, Green, Blue, Yellow, Purple & White), 20 second latching, 150m range, low battery warning, nightlight mode, power out socket for illuminated bobbins, superb reliability, long battery life and a quality ABS body.
- A digital rolling code system also allows extra alarms to be purchased separately and programmed to an existing receiver.
- Available as set of 4, 3, 2 (protection case included) or single.

HD3 x4 HD3R x1

HD3 x3 HD3R x1

HD3 x2 HD3R x1

THE DETAIL

- 1 Ultra-bright long life LED.
- 2 LED colour control.
- 3 On/off power button.
- 4 Stainless steel screw thread.
- 5 Soft rubber non-slip insert.
- 6 Sensitivity control.
- 7 Power out socket.

HD3 Protective covers included.

THE DETAIL

- 1 On/off power / vibration switch.
- 2 LED Colour button.
- 3 LED Selection button.
- 4 Volume control.
- 5 Tone control.

HD3R table support and lanyard included.

Screw driver included.
Alarm uses 1x V23GA 12V Battery (not supplied). Receiver uses 1x 9V PP3 Battery (not supplied).

ALARM

HD4

- The latest addition to the HD alarm range, the HD4 model offers a high quality, multi-function alarm option. Based on the previous XTE model chassis, the upgraded circuit boards, and functionality result in a high-performance great value alarm that won't let you down.
- Adjustable 4 colour LED (Red, Yellow, Green, Blue), 15 second latching time, 30 second 'mute' feature, detachable black snag ears, 4 level volume, tone, and sensitivity settings, drop back differentiation, nightlight mode, up to 150m range, 2.5mm power out socket, low battery warning, and high impact ABS moulded construction.

THE DETAIL

- 1 Detachable snag ears.
- 2 Ultra-bright long life LED.
- 3 Nightlight.
- 4 Stainless steel screw thread.
- 5 Power out socket.
- 6 Soft rubber non-slip insert.
- 7 On / off power / nightlight button.
- 8 Volume control.
- 9 Tone control.
- 10 Sensitivity control.

HD4 protective covers included.

THE DETAIL

- 1 On / off power button.
- 2 Volume control / vibration function.
- 3 Tone control.

HD4R table support and lanyard included with sets.

ALARM

HD5

- Since its launch, the HD5 has become a firm favourite with carp anglers. Incorporating some of the latest technology available in electronic bite indication, the HD5 really does tick all the boxes. Reliability, long battery life and a quality build, nothing has been overlooked.
- Feature packed with dial adjustable sensitivity, 6 colour LED (Red, Green, Blue, Yellow, Purple & White), 20 second latching, 20 second afterglow period on alarm and receiver, 150m range, remote range self-testing, connection ring on receiver to secure it, low battery warning, nightlight mode, power out socket for illuminated bobbins, and a quality ABS body.
- A digital rolling code system also allows extra alarms to be purchased separately and programmed to an existing receiver.

SNAG EARS

- Prevents lost rods when fishing locked up.
- Made from lightweight Aluminium.
- Simple to install underneath the bite alarm so that the upright ears sit directly behind the alarm.
- Universal fittings to accommodate most makes and models of alarm.

**X7 LED SWING ARM INDICATOR**

- Ability to change colour at the touch of a single button.
- Choose from 7 different colours: Red, Yellow, Green, White, Cool Blue, Purple and Blue.
- ABS moulded head.
- Quick release twist 'n' turn to attach to buzzer bars.
- Adjustable tension double ball line clip with grub screw.
- Adjustable sliding weight.
- Universal 2.5mm jack plug.
- CR2032 Battery (included).

**ADJUSTABLE CHAIN HANGERS**

- Supple chain for maximum sensitivity and a tension adjustable metallic line clip.
- Available as a set (which includes a protection case) or as individual bobbins.
- 4 different LED colours: Blue, Red, Green and Yellow.

BLAX™

 Designed and developed in the UK

BLAX Aluminium bankware is lightweight, functional and really looks the part on the bank. Extensively tested by the Carp Spirit team, the 16mm Aircraft grade Aluminium tube is both sturdy and ultra-light weight.

Features include:

- Lightweight 6063 Aluminium.
- No Loss Tri-lobe Thumb screws.
- Durable Black Anodised Finish.
- Designed Using C.A.D. (Computer Aided Design).
- Compatible with the 2 in 1 key (sold separately).

Carp Spirit BLAX Bankware is a full range incorporating:

- Banksticks – Standard and Bora Point versions.
- Buzzer Bars – Fixed, Adjustable and XL versions.
- Bankstick Stabilisers.
- Deck stands.

QUALITY, INNOVATION AND DESIGN – THE CARP SPIRIT BLAX BANKWARE RANGE

BLAX BANKSTICKS

- Ultra-light 6063 Aluminium.
- Durable Black Anodised Finish.
- 16mm diameter.
- Pointed internals to double up as stalking sticks.
- No Loss Tri-lobe Thumb screws.
- Compatible with the 2 in 1 key (sold separately).

BLAX BORA POINT BANKSTICKS

- Ultra-light 6063 Aluminium.
- Durable Black Anodised Finish.
- Hardened 'BORA POINT' tip.
- 16mm diameter.
- Pointed internals to double up as stalking sticks.
- No Loss Tri-lobe Thumb screws.
- Compatible with the 2 in 1 key (sold separately).

BLAX™

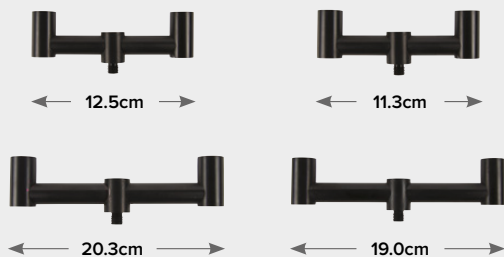

BLAX FIXED BUZZ BARS

- Durable Black Anodised Finish.
- 16mm diameter.
- Ultra-light 6063 Aluminium.
- XL and Standard lengths available.

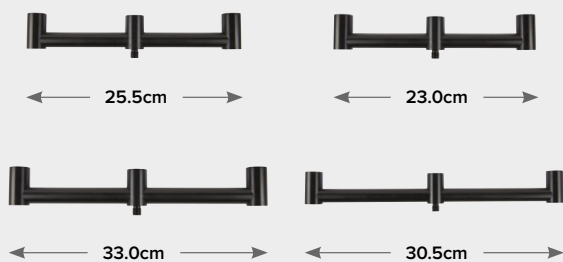

BLAX ADJUSTABLE BUZZ BARS

- Durable Black Anodised Finish.
- Anti-twist flat milled inserts.
- 16mm diameter.
- Ultra-light 6063 Aluminium.
- No Loss Tri-lobe Thumb screws.
- Compatible with the 2 in 1 key (sold separately).

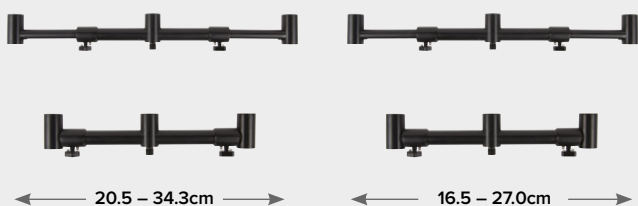

2 ROD FIXED BUZZ BARS

3 ROD FIXED BUZZ BARS

2/3 ROD ADJUSTABLE BUZZ BARS

BLAX DECK STAND

- Can be screwed directly into wooden platforms to provide rock solid support for upright banksticks eliminating the need for a pod.

BLAX CROSS BAR SOLID STICK

- Can be used as a brace between the front and rear upright bank sticks to prevent twist and increase rigidity.
- Alternatively use a pair in an 'X' shape to convert a 'goal post' set up into a free-standing solid rod pod.

BLAX BANK STICK STABILISER

- Designed to eliminate banksticks from twisting in soft ground.

BLAX ANGLE ADAPTOR

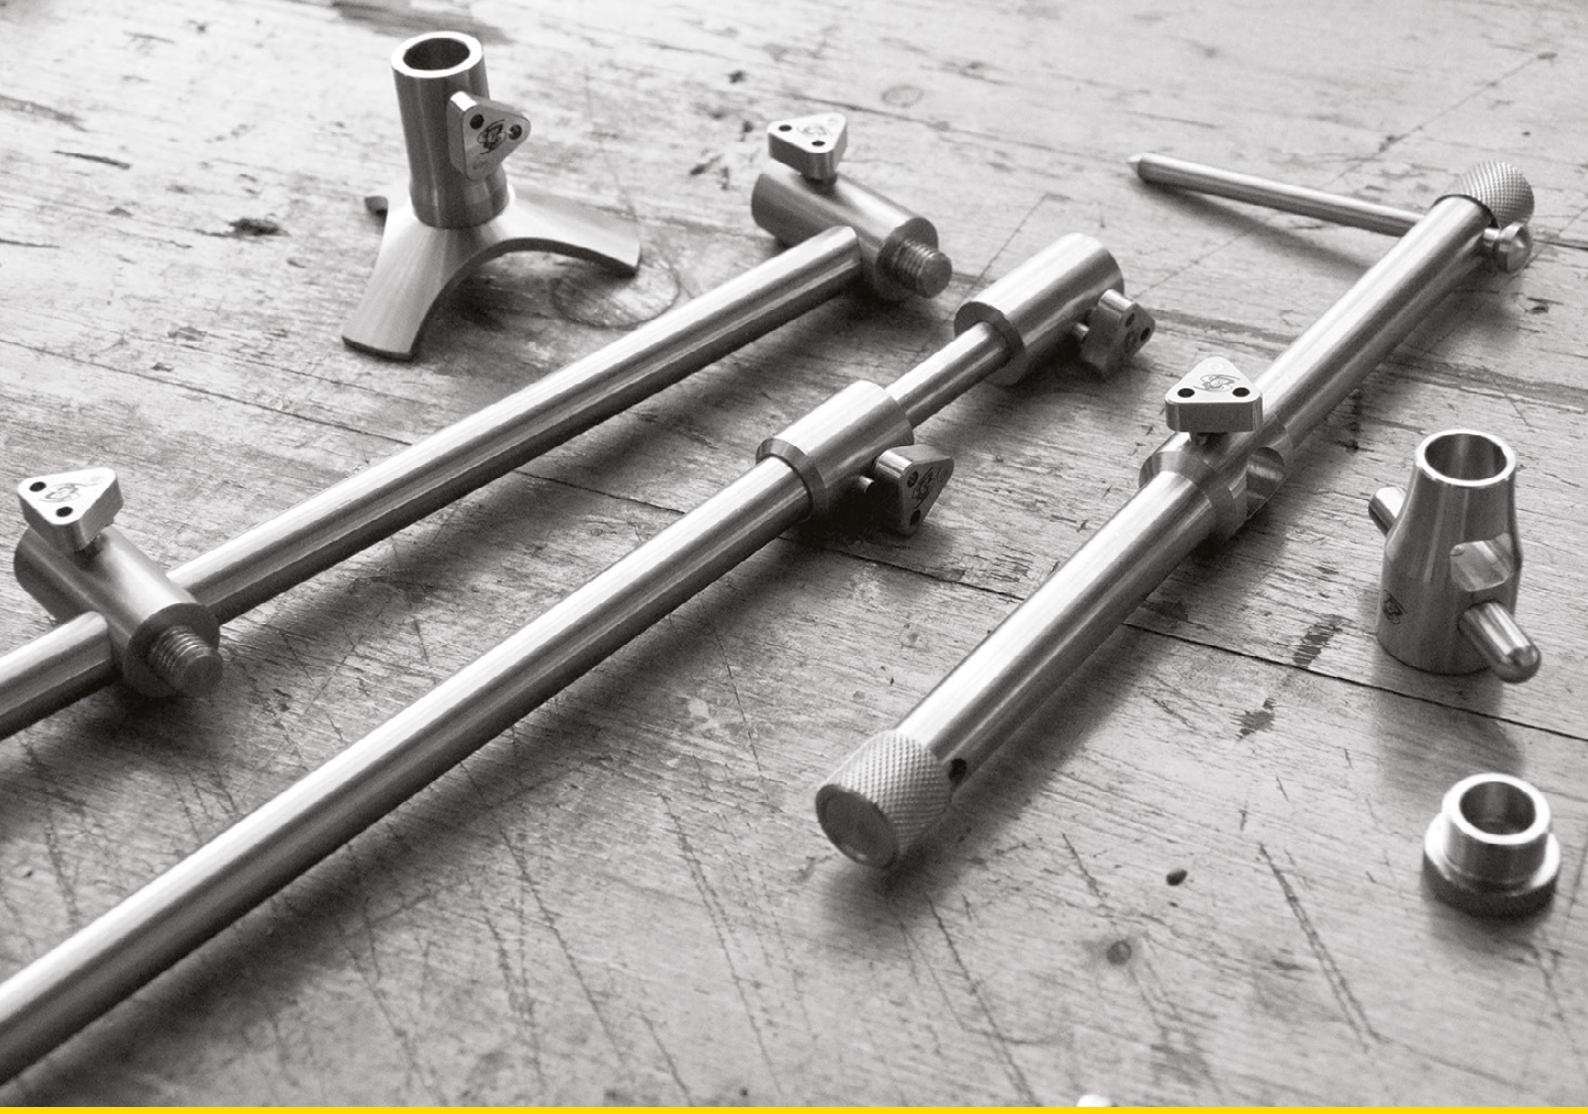

- Perfect for fishing steep and sloping banks to ensure that the bite alarm and rod rests are at 90 degree to the rod.
- Simply set the desired angle and lock in place at the turn of a screw.

**BLAX PILL ADAPTOR**

- An ideal upgrade for anglers who already own Carp Spirit BLAX bank ware range.
- The BLAX pill adaptor simply screws into the top of any bankstick or buzz bar to convert it into a quick release system.

INOX 300

STAINLESS STEEL

 DESIGNED AND DEVELOPED IN THE UK

- The Carp Spirit INOX 300 stainless steel range is the result of over 2 year's extensive design, development and testing.
- Designed completely from the ground up using CAD (Computer Aided Design) the extensive range covers a multitude of rod support set ups and is machined entirely from ultra-high grade 300 Series Stainless Steel.
- Made to last and provide years of trouble free service, innovative designs and features such as the quick release (QR) 'Pill' system have been introduced, along with some totally unique products such as the 2 in 1 deck stand and 'safe storage' bankstick stabilisers.
- Quality, Innovation and Design – The Carp Spirit INOX 300 Series.

BANKSTICKS

- Machined from ultrahigh grade 300 Series Stainless Steel and will provide years of trouble free use.
- No Loss Tri-lobe thumb screw design.
- Hollow tube inserts for reduced weight.
- Pointed inserts double up as stalking sticks.
- 3/8" BSF Thread.
- Compatible with the 2 in 1 key (sold separately).

BORA POINT BANKSTICKS

- Machined from ultrahigh grade 300 Series Stainless Steel and will provide years of trouble free use.
- Feature a quick release 'Pill' system which allows alarms to be quickly removed or butt rests to be changed in seconds.
- The 'Bora Point' design is perfect for drilling the banksticks into hard ground.
- No Loss Tri-lobe thumb screw design.
- Hollow tube inserts for reduced weight.
- Pointed inserts double up as stalking sticks.
- 3/8" BSF Thread.
- Compatible with the 2 in 1 key (sold separately).

BUZZ BARS

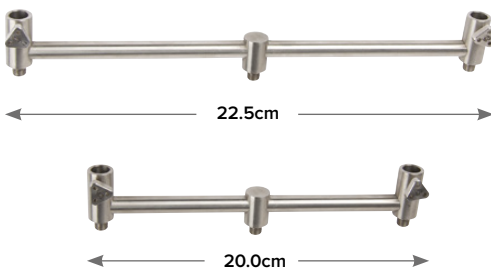

- Machined from ultrahigh grade 300 Series Stainless Steel and will provide years of trouble free use.
- Feature a quick release 'Pill' system which allows alarms to be quickly removed or butt rests to be changed in seconds.
- The 2 & 3 rod versions feature three male 3/8" BSF threads allowing them to be used with either single banksticks or in a 'goal post' style set up with bank sticks at either end.
- No Loss Tri-lobe thumb screw design.
- Hollow tube inserts for reduced weight.
- 3/8" BSF Thread.
- Compatible with the 2 in 1 key (sold separately).

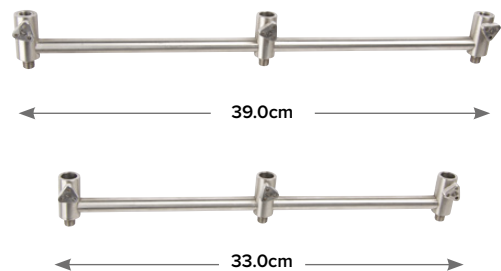

2/3 RODS ADJUSTABLE BUZZ BAR

2 RODS FIXED BUZZ BAR

3 RODS FIXED BUZZ BAR

BANKSTICK STABILISER

- Designed to eliminate banksticks from twisting in soft ground.

T-TOP BANKSTICK DRIVER

- Driver features a solid stainless steel cross bar making it the ideal tool for driving banksticks into hard ground, instead of risking bending buzz bars.

2 IN 1 DECK STAND & ANTI TWIST COLLAR

- A 2 in 1 product that can be used to either screw into wooden platforms for rock solid support or applied to soft ground for increased stability.

CODE	RODS	LENGTH (CM)	WEIGHT (G)	BARCODE	TRADE PACK

ACS370040	—	—	110		1

QR PILL PACK

- The pill adaptor simply screws into the top of any bankstick or buzz bar to convert it into a quick release system.

(key not included).

2/4 ROD SUPPORT SET

- 2 / 4 rod support set ideal for short sessions.
- 2 rod – Use as front and back support.
- 4 rod – Use as front support only.
- Transport bag include.

2 IN 1 KEY TOOL

- Perfect for tightening and or unscrewing our anti-loss screws.

WEIGH HOOK

- Design allows the hook to rotate 360° for quick and easy location onto weigh sling straps.

ANGLE ADAPTOR

- Designed to be inserted in-between the bankstick and buzz bar to provide additional angle adjustment.

STAINLESS STEEL ADJUSTABLE HEAD

- Easily adjustable support thanks to the two systems of lateral and lower screws.
- It will perfectly support your rod, either in 10, 12 or 13 feet, thanks to a precise adjustment of the spacing of the supporting lamellae.
- The lamellae are even topped with a “soft touch” grip in order to avoid any slipping of the rod and to protect the butt section.
- The whole support is made with corrosion resistant materials for a longer durability.

SNAG EARS

- High quality stainless steel.
- Front connector for receiving hanger.

QUICK RELEASE ADAPTOR

- Instant pull back release.
- Strong and secure.
- Multitude of uses.

LOCKING BUTT GRIP

- Clamp down design – securely locks rods into place.
- Automatically releases when rod is lifted.
- Anti-slip moulded inserts.
- Will accept rods up to 22mm diameter.
- 3/8 BSF stainless steel thread.
- Black alignment collar and rubber washer included.

BUTT RESTS

- Strong, flexible moulded Nylon.
- Ideal for rod butts up to 22mm diameter (Slim), or 26mm diameter (Standard).
- 3/8 BSF thread.
- Black alignment collar and rubber washer included.
- Available in standard or slim sizes

BLAX ALU-LITE POD BASE

- Strong, stable & lightweight 6063 Aluminium construction.
- Matt black finish.
- Quick and easy Camlock adjustment.
- Compact folding design.
- 4x adjustable legs.
- Height adjustable uprights.
- Adjustable length 60cm – 100cm.
- Legs can be removed and used as Banksticks.
- Supplied in carry bag.
- Weight 1.2kg.
- Accepts all BLAX Twin Thread Buzz Bars.*

*Can be combined perfectly with the BLAX Twin Thread Buzz Bars. Available separately, see below.

BLAX TWIN THREAD BUZZ BARS

- Lightweight 6063 Aluminium.
- Matt black finish.
- Twin thread design with moulded threads.
- Can be used with Banksticks for a goal post set up.
- Compatible with BLAX Alu-Lite Pod Base.
- Sold in pairs (front & rear).

NANO MATRIX CARBON

Our multi walled Nano-Matrix Carbon blanks are so strong because they are made up of a single chain of unbroken covalent carbon to carbon bonds within the low resin pre-preg; the end result is slimmer, lighter and higher performance rod blanks.

This process is reserved exclusively for our top of the range Magnum rods XLR, X5 and X3 series.

ANTI-SCRATCH FINISH

All blanks that feature ASF are precision laser ground to ultra-high tolerances.

This removes the traditional requirement to apply paint or varnish to the blank, and is therefore the final process before any components are fitted.

The end result is a smooth, long lasting and durable surface finish, which will ensure that your rods will still look as good as the day that you bought them, even after many years of use.

STAINLESS STEEL BUTT CAP

Manufactured from 300 series grade stainless steel with a laser etched Logo. The hard nature of stainless steel is more durable and resistant to damage.

ANTI-FRAP TIP GUIDES

Anti-Frap tip guides feature smooth and blended side bracings between the tube and centre frame. This special shape greatly reduces the chances of line getting wrapped around the tip of the blank before, during or after the cast.

FUJI BKWAG GUIDES

Highest quality, tangle free, Japanese rod guides with lightweight Alconite centres. The special smooth shape of the frame makes them perfect for extreme distance casting and when heavy duty shock leaders are required.

SEA-GUIDE GUIDES

TUXTLSG – Highest quality, lightweight, double leg guides with a Titanium finished frame. Featuring Silicon Carbide centres and externally rolled frames to help prevent guide centre damage.

BTLTSG – High quality, lightweight, double leg guides with a black anodised finish. Featuring Silicon Carbide centres and externally rolled frames to help prevent guide centre damage.

BTLSG – High quality, lightweight, double leg guides with a black anodised finish. Featuring Silicon Carbide centres and externally rolled frames to help prevent guide centre damage.

CARBON CLONE REEL SEAT

Machined entirely from a carbon tube and featuring a 1K weave, this reel seat is ultra light weight and perfectly matches the rod weave and cosmetics. It will accept both big pit and standard size reels.

FUJI DPS REEL SEAT

High quality Japanese moulded reel seat that is both secure and comfortable. Will accept both big pit and standard size reels.

ALPS REEL SEAT

Highest quality, light weight and incredibly strong. The ALPS reel seat is machined entirely from aerospace grade Aluminium and anodised in black.

The dual collars and nylon lock washer provide an incredibly strong and secure fixing for even the largest of big pit reels. Perfect for withstanding the torque and turning forces generated during extreme distance casting.

1-K WEAVE

The tightest weave we use on our rods. The multi-directional carbon fibres are interwoven at a rate of 1mm x 1mm, providing thousands of overlays across the blank length.

The end result is added strength to the blank itself and increased tip speed recovery to aid both casting distance and accuracy.

3-K WEAVE

Multi-directional carbon fibres are interwoven at a rate of 3mm x 3mm, providing thousands of overlays across the blank length.

The end result is added strength to the blank itself, and increased tip speed recovery to aid both distance casting and accuracy.

BLAX™

BLAX CARP RODS

- A series of rods that have been designed and developed to be 'best in class'.
- At first glance you would be forgiven for thinking that the BLAX rods are twice their actual price and rightly so.
- Slim, lightweight, dark matte blanks have been constructed using the finest 30-Ton carbon pre-preg.
- Built using high quality SIC Sea-Guides and lightweight anodised Aluminium fittings.
- Amongst the standard test curves, you will find some fantastic utility rods such as the 10ft rod, ideal for stalking or for use in tight swims.

-  **SEA-GUIDE BTLTSG GUIDES**
High quality Black finish SIC double leg guides.
-  **18MM DPS REEL SEAT**
-  **MATT FINISH BLANK**
-  **ABBREVIATED HANDLE DESIGN**
-  **BLACK ANODISED FITTINGS**

BLAX™

BLAX SPOD RODS

Spod rods are a key part of any carp angler's armoury and our BLAX spod rods are well up to the job, both versions feature powerful but progressive actions, with huge power reserves in the butt section.

- SEA-GUIDE BTLTG GUIDES – High quality Black finish SIC double leg guides.
- 18MM DPS REEL SEAT.
- MATT FINISH BLANK.
- ABBREVIATED HANDLE DESIGN.
- BLACK ANODISED FITTINGS.

2 or 3 section options available.

BLAX MARKER ROD

The BLAX marker rod features a powerful butt section to help cast out marker floats yet retains a degree of sensitivity towards the end of the tip section to help identify and read the features of the lakebed.

- 2x depth gauge at 30cm and 50cm.
- SEA-GUIDE BTLTG GUIDES – High quality black finish SIC double leg guides.
- 18MM DPS REEL SEAT.
- MATT FINISH BLANK.
- ABBREVIATED HANDLE DESIGN.
- BLACK ANODISED FITTINGS.
- LUMINOUS TIP END SECTION – perfect for low light and night-time conditions.

MAGNUM[®] X1

MAGNUM X1

BEST SELLER

- A rod that has stunning looks, fantastic performance, and great value.
- Featuring the trademark Magnum series semi-fast action, the blank is made using a special blend of 36 and 30-Ton hi-modulus carbon and a small section of 3K weave above the reel seat.
- Cosmetics are both minimalistic and subtle featuring a full Japanese shrink wrapped handle.
- Matt finished blanks with a deep grey undertone and black Sea-Guide SIC guides make the Magnum X1 a serious contender for any angler's armoury.

ANTI-FRAP TIP GUIDE
Reduces line wrapping around the tip.

SEA-GUIDE BTLTSG GUIDES
High quality Black finish SIC double leg guides.

STAINLESS STEEL BUTT CAP
Featuring laser etched logo.

**OUR MOST
VERSATILE
ROD**

MAGNUM[®] X3

MAGNUM X3

- Manufactured from 36-Ton Hi-Modulus Nano Matrix Carbon (NMC) the Magnum X3 range is a series of rods with a semi fast action that offer fantastic performance.
- The butt section holds plenty of power in reserve for casting heavy leads and PVA bags, yet the tip section is still forgiving enough to absorb the lunges during a fight.
- The high-quality Fuji reel seat is compatible with both big pit and standard size reels, and the ASF technology blanks finished in a 3K weave ensure that the Magnum X3 Series will be a firm favourite.
- Available in a range of lengths and text curves.

-  **NANO MATRIX CARBON**
Stronger, lighter, Higher Performance Blanks.
-  **ANTI-SCRATCH FINISH**
Ensures your rods look great after years of use.
-  **ANTI-FRAP TIP GUIDE**
Reduces line wrapping around the tip.
-  **SEA-GUIDE TUXTLG GUIDES**
Highest quality Titanium finish SIC double leg guides.
-  **STAINLESS STEEL BUTT CAP**
Featuring laser etched logo.
-  **CARBON CLONE REEL SEAT – 18MM**
Ultra lightweight and machined from carbon tube.
-  **3-K WEAVE**
For added strength and increased tip speed recovery.

MAGNUM[®] X5

MAGNUM X5

- Our top of the range Magnum X5 rods are all manufactured from 40-Ton High Modulus Nano Matrix Carbon (NMC), which gives the blanks their ultra slim diameter yet still provides plenty of power in reserve.
- All the Magnum Series rods feature the same semi fast action, which, after extensive testing by the Pro team was found to be the perfect balance between being able to cast leads to extreme distances yet still retain a tip soft enough to absorb the lunges of the fish during key stages of the fight.
- Built using only the highest quality fittings including a carbon clone reel seat and an ASF technology blank, the Magnum X5 series are without doubt the ultimate carp fishing rods available today.

-  **NANO MATRIX CARBON – NMC**
Stronger, lighter, Higher Performance Blanks.
-  **ANTI-SCRATCH FINISH**
Ensures your rods look great after years of use.
-  **ANTI-FRAP TIP GUIDE**

MAGNUM[®] XLR

MAGNUM XLR

- A rod like no other! XLR means Xtra-Long Range, and that is exactly the sole purpose of this rod. To deliver baits and PVA bags to the horizon.
- Made from Hi-Modulus Nano Matrix 46-ton carbon and wrapped in a 1K weave along its full length.
- Key to achieving these kinds of distances is the specially tapered butt section. So fast is the taper that the XLR will easily cope with leads up to 6oz in weight.
- Of course, pushing rods like this to the limit demands the highest performance fittings. That's why we chose a CNC machined Alps reel seat for maximum reel security, and Fuji BKWAG to cope with the fast line speed and heavy duty shock leaders required for such a specialist tool.

NANO MATRIX CARBON
Stronger, lighter, Higher Performance Blanks.

ANTI-SCRATCH FINISH
Ensures your rods look great after years of use.

ANTI-FRAP TIP GUIDE
Reduces line wrapping around the tip.

FUJI ALCONITE BKWAG GUIDES

BLAX X-NET NEW AUTUMN 2022

- Outstanding value Landing Net.
- Lightweight 6ft – 180cm Carbon Composite handle.
- 1-piece moulded spreader block.
- Medium depth fish friendly mesh.
- Matt finish handle with minimalist graphics.

BLAX 6FT 42" LANDING NET

- The BLAX 6ft net has been designed and developed to offer both excellent value and performance.
- Lightweight carbon handle.
- 1 piece lightweight moulded nylon spreader block.
- Anti-slip Japanese shrink wrap handle.
- Anodised Aluminium laser etched butt cap.
- Super soft fish friendly green mesh.
- Rolled Aluminium steel arm ends – Increased strength and easy set up / pack away.
- Mesh clip up magnet – Helps prevent mesh snagging on the bottom.

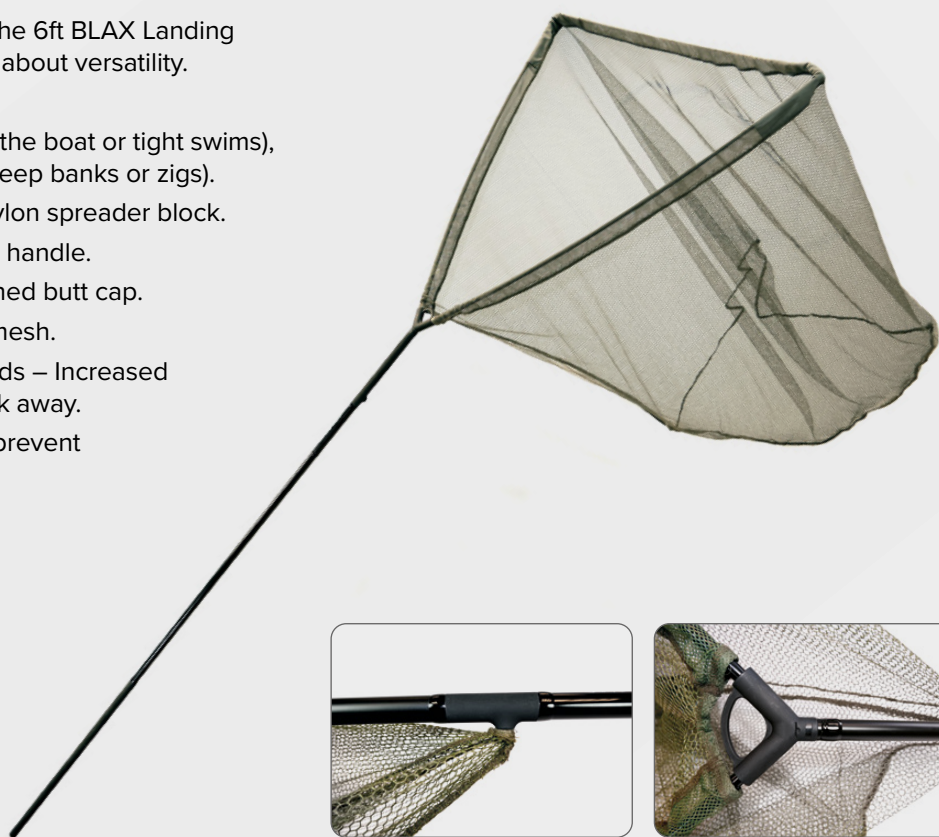

BEST SELLER

BLAX 42" MULTI-NET

- Built to the same standard as the 6ft BLAX Landing net, the Multi-Net version is all about versatility.
- 3 piece carbon spigot handle.
- Can be used at 3ft (perfect for the boat or tight swims), 6ft or 9ft lengths (perfect for steep banks or zigs).
- 1 piece lightweight moulded nylon spreader block.
- Anti-slip Japanese shrink wrap handle.
- Anodised Aluminium laser etched butt cap.
- Super soft fish friendly green mesh.
- Rolled Aluminium steel arm ends – Increased strength and easy set up / pack away.
- Mesh clip up magnet – Helps prevent mesh snagging on the bottom.

MAGNUM X1 6FT 42" LANDING NET

Designed to complement the Magnum range of rods, the X1 net has stunning looks and fantastic performance.

- Hi-modulus light weight carbon handle.
- 1 piece light weight moulded carbon spreader block.
- Anti-slip Japanese shrink wrap handle.
- Stainless steel end cap.
- Super soft fish friendly green mesh.
- Front cord can be quickly and easily replaced / re-tensioned.
- Rolled stainless steel arm ends – Increased strength and easy set up / pack away.
- Mesh clip up magnet – Helps prevent mesh snagging on the bottom.

**MAGNUM X1 42" MULTI NET**

Built to the same standard as the 6ft Magnum X1 Landing net, the Multi-Net version is all about versatility.

- Light weight 3-piece carbon spigot handle.
- Can be used at 3ft (perfect for the boat or tight swims), 6ft or 9ft lengths (perfect for steep banks or zigs).
- 1 piece light weight moulded carbon spreader block.
- EVA end caps included.
- Anti-slip Japanese shrink wrap handle.
- Laser Etched stainless steel butt cap.
- Super soft fish friendly green mesh.
- Front cord can be quickly and easily replaced / re-tensioned.
- Rolled stainless steel arm ends – Increased strength and easy set up / pack away.
- Mesh clip up magnet – Helps prevent mesh snagging on the bottom.

WATERPROOF LANDING NET PVC BAG

- Fully waterproof PVC bag to prevent leakage and odours.

LANDING NET FLOAT

- High density foam for maximum buoyancy.
- Universal fit.

BLAX LANDING NET SPARE BLOCK

- Strong 1 piece moulded construction.
- 3/8 BSF Thread.
- Cross bar design to tuck & hold mesh.
- Accepts net arms up 13mm diameter.

NEW 2023

LANDING NET SPARE BLOCK

- Replacement spreader block compatible with most landing net poles.
- Fitted with a standard 3/8 inch screw thread.

BLAX REPLACEMENT MESH

- Fits all Carp Spirit 42" nets and most other 42" nets.
- Reinforced top stitching.
- Depth 1m.
- Olive green fish friendly material.

NEW 2023

REPLACEMENT MESH

- A high quality replacement mesh. Compatible with Magnum X1 and BLAX landing nets.
- Reinforced top stitching.
- Features screen printed Carp Spirit logo in mesh.
- Super soft and fish friendly.
- Includes stitched magnet for fixing.

BLACK BOAT ONE

Our entry level offering for the inflatable boat range. Featuring 2 models (180 and 230), the Black Boat One is the perfect option for smaller waters and the introductory step into fishing with a boat. The feature packed models include:

- Inflatable chamber system (180: 2 chambers, and 230: 3 chambers).
- Heavy duty 0.7mm canvas with re-enforced side and base for extra protection.

- Slatted floor (width of slat 20cm).
- Removable and adjustable seat.
- Side rope.
- Removable black oars with secure fixing screws.
- Transom with motor support plate.
- Anti- return inflation valves.

THE DETAIL

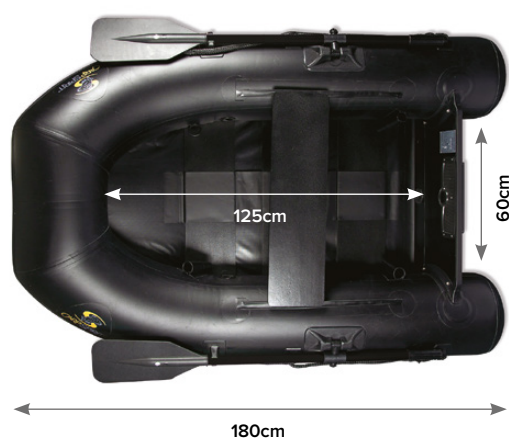

- 1 Stainless steel ring at the front.
- 2 Slatted floor (width of slat 20cm).
- 3 Removable and adjustable seat.
- 4 Transom with motor support plate.
- 5 Inflation valves with anti-return.
- 6 Heavy duty 0.7mm canvas with re-enforced side and base for extra protection.
- 7 Side rope.
- 8 Removable black oars with secure fixing screws.

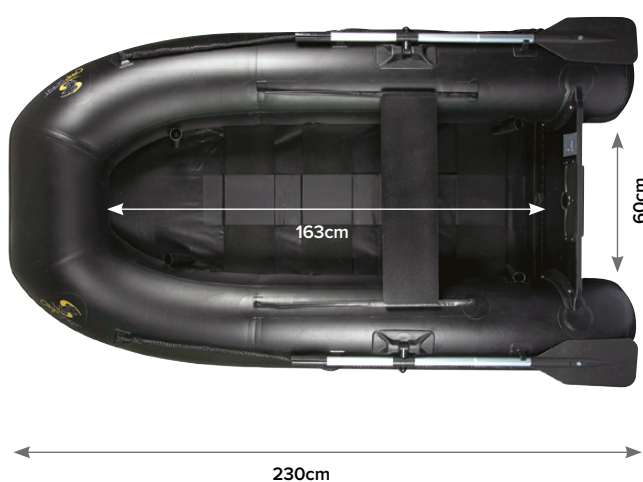

Storage bag, large volume foot pump and repair kit included.

BLACK BOAT

When the Black Boat series was first introduced, Carp Spirit became one of the very first brands to produce inflatable boats specifically developed for carp fishing. Now established as a market leader and a benchmark throughout Europe, the latest range of Black Boats have now been improved even further to meet the demands and expectations of the modern-day carp angler.

Packed with new and additional features such as improved inflatable floors, new handles, and increased width to provide even more space and greater stability; all this alongside superb durability to provide years of service. Black Boats... **'The Benchmark'** in carp fishing boats.

- 3+1 Inflatable chamber system.
- Heavy duty 0.9mm canvas with re-enforced side and base for extra protection.
- Inflatable floor (240WI, 270WI & 300WI) with front anti-return valve location. Aluminium floor (320W).
- Built-in floor strengthening ribs for super rigidity.
- Battery protection with strap located at the back.
- Inflatable and reinforced keel cuts through the waves and keeps the nose on course.
- One-way multi point inflation valves.
- Safety overpressure valve.

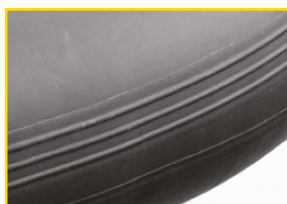

*270WI / 300WI / 320WI

THE DETAIL

- ① Cleat at the front to stabilise the boat, even with one hand.
- ② Stainless steel ring at the front.
- ③ Inflatable floor (240WI, 270WI & 300WI).
- ④ Black Aluminium floor for stability (320W model only).
- ⑤ Removable and adjustable seats.
- ⑥ Battery protection with strap.
- ⑦ Extra strong grab handle on the rear.*
- ⑧ Extra strong transom with motor support plate.
- ⑨ Removable black oars with secure fixing screws.
- ⑩ Side multi-use handles.
- ⑪ Internal stainless ring with fixing cord included.
- ⑫ Side rope.
- ⑬ Floor inflation valve with anti-return.
- ⑭ Inflatable and reinforced keel.

Heavy duty 0.9mm canvas with re-enforced side and base for extra protection.

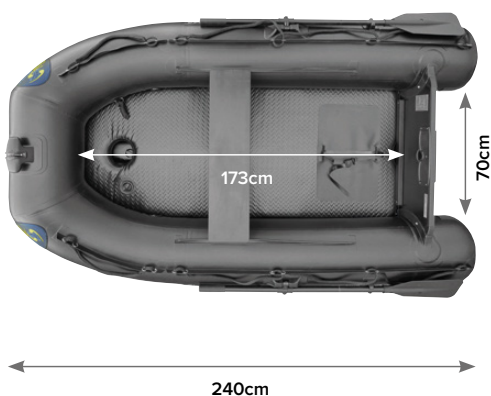

Storage bag, large volume foot pump and repair kit included.

BLACK BOAT 240_{WI}

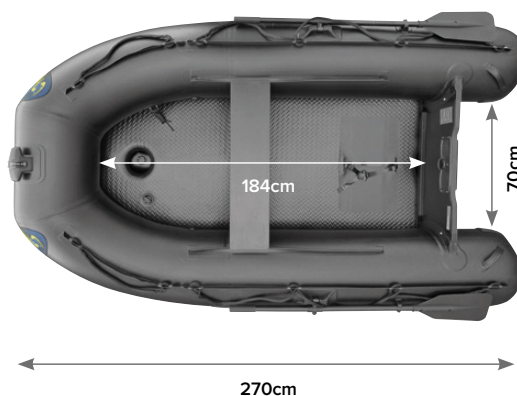

Light enough to be moved by 1 person, perfect for baiting, dropping rigs, playing fish with 2 people on board. Shaped to offer great stability – even in bad weather, the 240WI does it all.

*Inflatable floor.

BLACK BOAT 270_{WI}

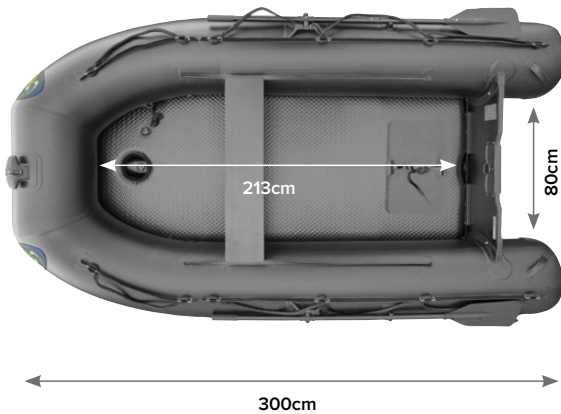

The most versatile size of all, very capable in big waters and strong waves, yet still retains excellent manoeuvrability.

*Inflatable floor.

BLACK BOAT 300_{wi}

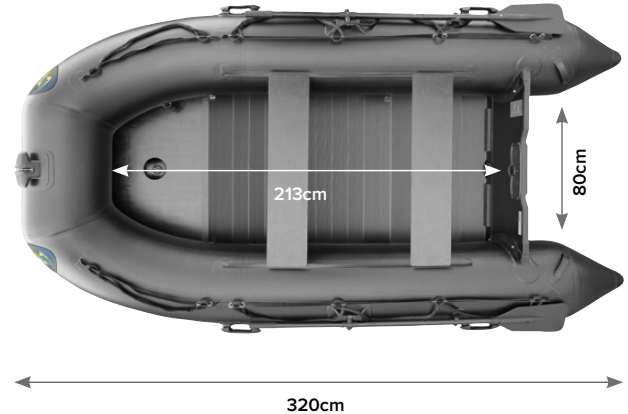

With its huge internal space, the 300WI boat is dedicated to large waters and can easily transport an angler and enough equipment for the longest of endurance sessions.

*Inflatable floor.

BLACK BOAT 320_w

An extreme boat for the most extreme conditions, the 320W is built for the most demanding of situations. With its additional pair of moulded front handles, an Aluminium floor, 2 seats and with an engine rating power of up to 15HP, this boat is the perfect tool for any big lake, huge rivers, or even giant catfish fishing. Perfect to move all your equipment from one side of the lake to the other at a moment's notice, whatever the weather; it is even big enough to sleep in.

*Aluminium floor.

RAZOR point

Since their Launch, Razor point hooks have become a firm favourite with Carp Anglers from around the World. With thousands of Carp hooked and safely landed on them, it's easy to see why so many anglers trust and finish their rigs off with our Razor point hooks. Designed from scratch, and tested to the extreme in both in the laboratory and in real world fishing situations by our Global team, you can be confident that whichever Razor Point hook you choose it won't let you down. Attention to detail is everything; each Razor point hook is made to ultra-fine tolerances, carefully tempered using a computer controlled process and chemically sharpened using Durapoint technology. The comprehensive range ensures that whatever angling situation you're faced with, there's a perfect hook pattern for it. We believe our range of Razor point carp hooks are the most technically advanced on the market today – Something we are extremely proud of.

Now with 80% less plastic packaging.

- **Dura-Point Technology** – The sharpest, longest, most durable hooks points in the carp hook World – Even after multiple uses.
- **High Carbon Steel** – Raw material choice is critical, and we only use the best quality high carbon steel available to produce our Razor point carp hooks, providing the very best strength, durability and reliability.
- **PTFE Finish** – The smooth PTFE finish not only reduces glare to avoid spooking wary carp, but also reduces friction, therefore aiding penetration speed by up to 50%.
- **Closed Eye** – Each hook eye is precisely formed to ensure it's truly 'closed' to ensure that zero damage occurs to your hook link, particularly when using the 'knotless knot' and perfect for low diameter hook links or braid.
- **Micro Barb** – Ultra small Micro barbs are designed to offer an extraordinary hook hold during the fight yet minimise mouth damage during unhooking.

"Sharpest hooks, straight from the packet."

Ian Russell

V-Curve

Long Shank

Boilie Beak Point

Medium Curve Shank

Stiff Rig / Chod

Continental Xtra Strong

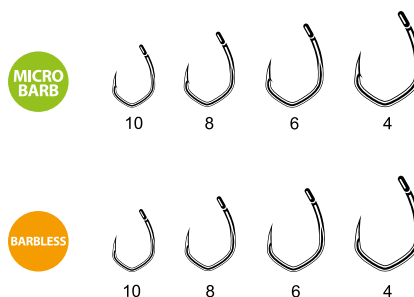

Short Curve Shank

Zig & Floater

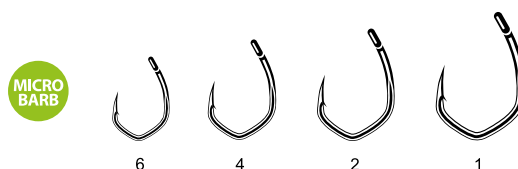

RAZOR V-CURVE

- Distinct 'V' shaped bend that results in less hook movement and hook pulls.
- The ultrawide gape and short shank provides ultimate penetration.
- In-turned points are perfect for fishing over stones and gravel.

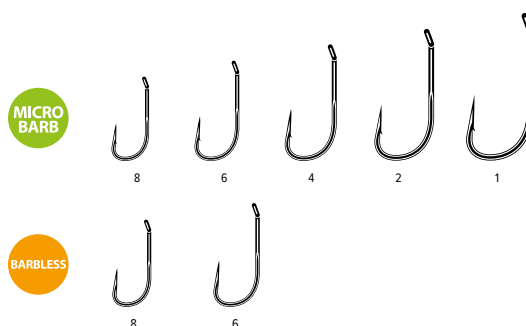

RAZOR V-CURVE XS

- Features a thicker wire gauge than the standard versions, making it 30% stronger, ideal for massive carp or heavy-duty snag fishing.

RAZOR LONG SHANK

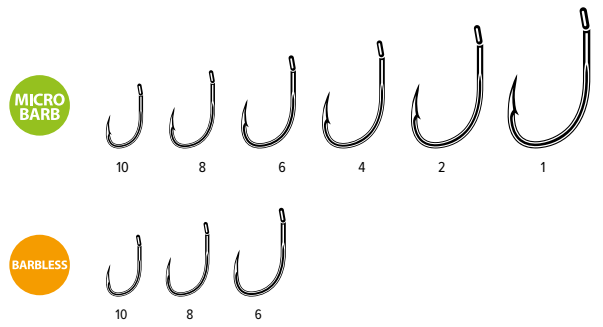

- Versatile, strong, and reliable, the LS pattern has been designed to cope with a wide variety of carp fishing situations.
- The in-turned eye, straight point and forged shank makes the LS pattern perfectly suited for both hair-rigged bottom baits and pop-up boilies. It is the perfect choice for sliding ring anti-eject rigs.

RAZOR BOILIE BEAK POINT

- With its in-turned beaked point, the BBP is an excellent hook choice when fishing over gravel or rocky bottoms as there is less chance of the hook point becoming damaged.
- The short shank and straight eye has a slight in-turn, making it ideal for a huge array of presentations including snowman rigs, bottom baits or pop-up boilies.

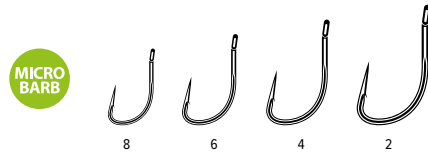

RAZOR MEDIUM CURVE SHANK

- The MCS has been created by combining the benefits of a long shank with the aggressive hooking of a curved style pattern. The slightly downturned eye ensures the hook turns instantly, ready for maximum penetration.
- Suitable for a wide degree of presentations, including the popular '360' and 'Ronnie' style rigs.

RAZOR STIFF RIG / CHOD

- Specially designed for Chod rigs, the SRC offers the combination of a medium-length shank and out-turned eye to ensure the hook is sits perfectly aligned at all times.
- The closed formed eye is slightly oversized to allow for Snell knots to be used with modern stiff hooklinks and the extra-long, ultra-sharp hook point provides perfect penetration.

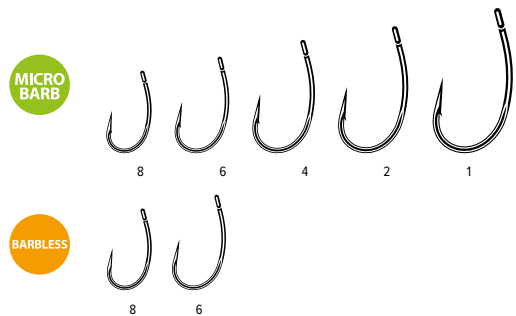

RAZOR CONTINENTAL XS

- The thicker wire gauge of the CXS provides a much stronger hook than normal for the most demanding of situations and has accounted for some of the biggest Carp landed in the World, it is also a great choice for heavy duty snag fishing.
- The short shank and wide gape, makes it ideal for most hair-rig presentations.

RAZOR SHORT CURVE SHANK

- Our most popular Razor point hook pattern – The SCS is robust, ultra-sharp and incredibly strong. It is also the most versatile, which means it can be used to create a wealth of presentations including hair-rigged bottom baits or pop-up boilies.
- It is the perfect choice for snowman style presentations, Withy pool or a KD style rig.

RAZOR ZIG & FLOATER

- Specially designed for zig rigs and floater fishing situation, the short shank and extra wide gape ensures the hook point is in the perfect position to ensure immediate penetration on the take.
- The slightly out-turned eye means the bait is always positioned perfectly in relation to the hook point resulting in more hook ups.

RAZOR CHOD RIG

- Constructed using super stiff 25lb Riga-Mortis hooklink, to ensure the shape is retained as much as possible.
- Available in size 4, 6 and 8 barbed versions, at long and short lengths, in packets of three.

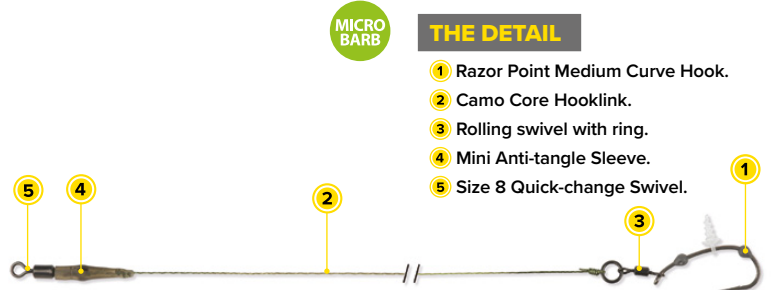

MICRO BARB

THE DETAIL

- 1 Razor Point Stiff Rig/Chod Hook.
- 2 25lb Riga-Mortis Hooklink.
- 3 Size 11 Ring Swivel.

RAZOR 360 RIG

- The 360 Rig is regarded as one of the ultimate big fish pop-up rigs.
- The name is derived from the hooks ability to spin a full 360 degrees within the swivel loop, increasing the chances of the hook point getting a hold from whatever angle the fish takes the bait from.

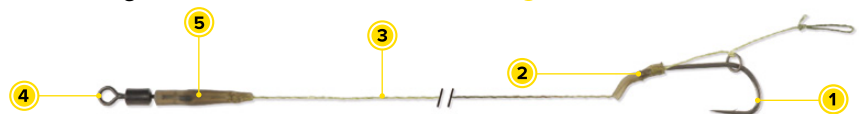

MICRO BARB

THE DETAIL

- 1 Razor Point Medium Curve Hook.
- 2 Camo Core Hooklink.
- 3 Rolling swivel with ring.
- 4 Mini Anti-tangle Sleeve.
- 5 Size 8 Quick-change Swivel.

RAZOR BLOW BACK RIG

- The long shank pattern is perfect for the micro ring to slide along when the fish tries to eject the bait leaving the hook point clear and increasing the chances of finding a hold.
- A Carp Spirit Kicker line aligner is also added to the rig to aid rapid turning of the hook point.
- This versatile rig is perfect for use with both bottom baits and pop-ups.

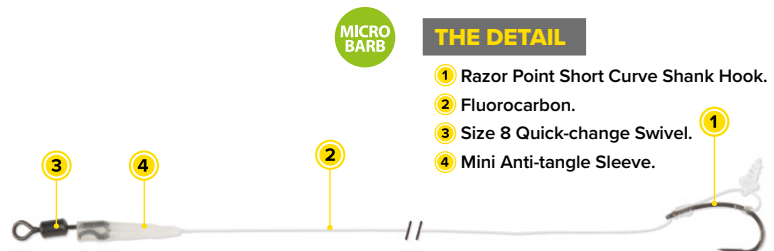

MICRO BARB

THE DETAIL

- 1 Razor Point Long Shank Hook.
- 2 Kicker Line Aligner.
- 3 Camo Core Hooklink.
- 4 Size 8 Quick-change Swivel.
- 5 Mini Anti-tangle Sleeve.

RAZOR FLUOROCARBON 'D' RIG

- With Fluorocarbon having similar light refractive properties to water and no tubing present, the rig almost disappears when immersed in water.
- The Fluorocarbon 'D' rig is perfect for bottom baits, slow sinkers or snowman style setups.

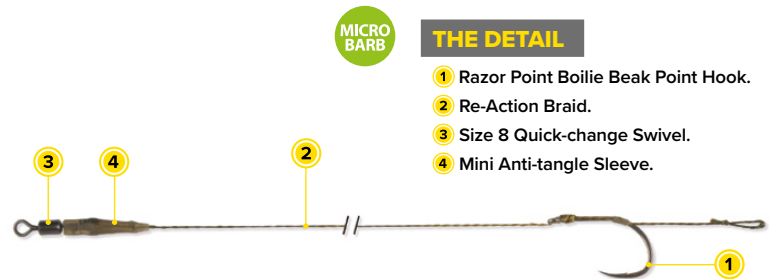

MICRO BARB

THE DETAIL

- 1 Razor Point Short Curve Shank Hook.
- 2 Fluorocarbon.
- 3 Size 8 Quick-change Swivel.
- 4 Mini Anti-tangle Sleeve.

RAZOR PVA BAG HAIR RIG

- PVA Bag Rigs are short, braided rigs specifically designed for use with PVA Bags.
- Can easily be dropped directly into solid PVA bags or can be used in conjunction with PVA Mesh systems.

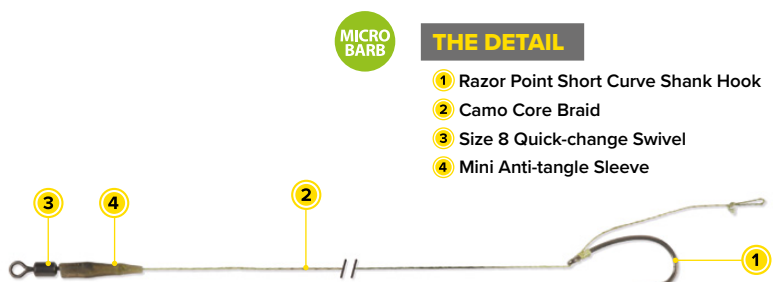

MICRO BARB

THE DETAIL

- 1 Razor Point Boilie Beak Point Hook.
- 2 Re-Action Braid.
- 3 Size 8 Quick-change Swivel.
- 4 Mini Anti-tangle Sleeve.

RAZOR KD RIG

- Best fished with slow sinking critically balanced baits or a pop-up with a small split shot directly under the bait to act as a counterbalance.
- The hook retains an incredible amount of free movement making this a very effective rig that is renowned for good hook holds.

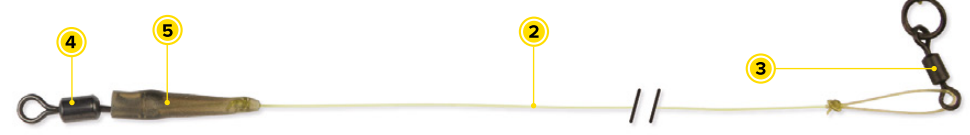

MICRO BARB

THE DETAIL

- 1 Razor Point Short Curve Shank Hook
- 2 Camo Core Braid
- 3 Size 8 Quick-change Swivel
- 4 Mini Anti-tangle Sleeve

RAZOR HINGED STIFF RIG

- The Hinged Stiff Rig is a popular choice due to its excellent hooking efficiency and anti-tangle properties.
- A Razor Point SRC (Stiff Rig Chod) hook is used due to its oversized and slightly in-turned eye to give perfect presentation.

MICRO BARB

THE DETAIL

- ① Razor Point Stiff Rig/Chod Hook.
- ② Riga-Mortis Hooklink.
- ③ Rolling swivel with ring.
- ④ Size 8 Quick-change Swivel.
- ⑤ Mini Anti-tangle Sleeve.

VELOCITY™ XS – MONOFILAMENT MAINLINE

- Our highest quality, extra-strong, premium monofilament designed and developed specifically for carp fishing.
- The unique co-polymer formulation results in excellent abrasion resistance yet still retains a high breaking strain to diameter ratio.
- Soft, supple line that sinks fast.

CELT-2X™ – MONOFILAMENT MAINLINE

- Carp Spirit Celt-2X™ mainline is incredibly smooth and supple.
- Featuring a unique lo-friction silicone-based coating to aid casting distance; this also improves line lay on the reel.
- The proven formula has remained unchanged, resulting in controlled elasticity and stretch, excellent abrasion resistance and superb knot strength.

MT-X™ – MONOFILAMENT MAINLINE

- M-TX™ is a good quality monofilament that's also excellent value.
- Features a super smooth finish for enhanced abrasion resistance and high knot strength.
- M-TX™ is available in both Green and Black colours to suit a range of fishing conditions.

4D – CAMO BRAID

- Made from Dyneema® / polyester blend resulting in a tremendous balance of value and performance.
- The 4 camouflage colours along its length help break up the shape to blend into the lakebed.
- Fast sinking, durable and highly abrasion resistant, the special twist construction provides exceptional sensitivity making 4D™ Camo Braid perfect for carp fishing.

SPOD & MARKER X4 – BRAID

- Excellent value Hi-Viz braid, that is tough and durable to withstand the repetitive casting that spoding and feature finding requires.
- Zero stretch reduces 'springs back' when a spool line clip is used, and feedback is greatly enhanced when using a feature finding lead to map out the lake bed.

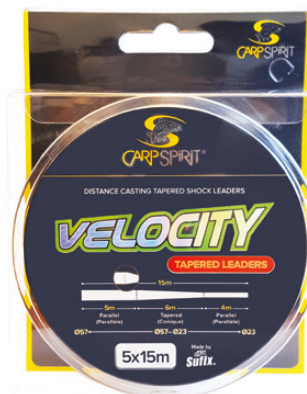

SPOD & MARKER X8 – BRAID

- Features a super smooth profile. The low diameter 8 carrier construction reduces friction and noise through the rod guides to aid distance and accuracy.
- Specifically developed to be tough and durable to withstand the repetitive casting that spoding and feature finding requires.
- Zero stretch reduces 'springs back' when a spool line clip is used, and feedback is greatly enhanced when using a feature finding lead to map out the lake bed.

VELOCITY – TAPERED LEADERS

- Each leader is 15m long. The front 5m is parallel, followed by a 6m tapered middle section and then a 4m parallel section at the end. If required, the tapered section can be simply trimmed back to increase the diameter before being knotted to the mainline.

DRESSEN-X – SHOCKLEADER

- Made from a special polyamide copolymer, Dressen-X™ offers outstanding abrasion resistance against mussels, rocks, and gravel bars.
- It also retains a degree of stretch to help absorb the lunges during the crucial time of the when the fish is under the rod tip.

CASTING GLOVE – RIGHT HAND

- Made from thin and flexible neoprene making it exceptionally comfortable to wear.

D-SPOOL STRIPPER

- Designed to be used with a cordless drill.
- Features a safety clutch in the event of the line becoming snagged whilst stripping.
- After all the line is stripped, simply untwist the cap to release the old line for disposal.

LINE REMOVER

- Perfect tool for quickly and effortlessly emptying high-capacity big pit reel spools.
- Removes line at up to 4 m/sec.
- High speed 2,700 rpm motor.
- Requires 4 x AA batteries (not included).

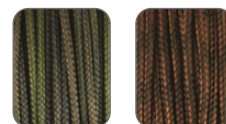

CAMO WEED – LEAD CORE LEADER

- The ultimate in leader camouflage.
- Not only will Camo Weed Leadcore blend into almost any lakebed, the dense lead centre will keep it pinned down tight to the bottom and the separate braided inner makes it easy to splice.

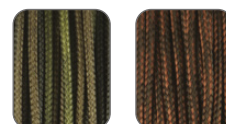

GRAVITY UHL – SOFT LEADCORE

- Gravity™ UHL is our heaviest leadcore leader.
- Perfect for fishing chod rigs, its super dense properties mean that there is no need for additional rig putty to ensure the leader is pinned down tight to the bottom.
- Easy to splice.

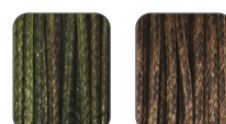

GRAVITY SSL – HEAVY LEADCORE

- Gravity™ SSL is a ‘super supple leader’ that features a high density leadcore inner.
- Its supple characteristics allow the leader to follow the contours of the lakebed ensuring it is well hidden from spooky carp.
- Easy to splice.

GRAVITY LFL – LEAD FREE LEADER

- Gravity™ LFL is a new generation of Lead-Free Leader.
- Constructed from fast sinking high density PTFE fibre. LFL is incredibly supple allowing it to perfectly follow the contours of the lakebed ensuring it's well hidden from spooky carp; can be knotted if required.
- Easy to splice.

GRAVITY – SPLICED LEADCORE LEADERS

- A full range of readymade Leadcore Leaders.
- Individually tested and carefully hand spliced.
- Made with our Gravity™ UHL leadcore.
- 3 per pack.

CAMFUSION® LEADER

- Camfusion® leaders offer the ultimate in rig camouflage.
- Translucent, with hint of green, the Camfusion® colour still allows a degree of natural light to pass through the leader so that it can blend in with the natural colour of the lakebed.
- Un-like traditional rig tubing, Camfusion® leaders are a solid sinking construction, which means there is no room for air bubbles to get trapped inside, whilst the smooth welded loops reduce tangles, and the diameter ensures they are fish friendly during the fight.
- Available in both standard and ring swivel versions.

FLUORO LEADER

- Fluoro leaders are particularly well suited for fishing in bright conditions, in clear water and when the fish are known for spooking off the rig area.
- Being transparent, natural light can pass through the leader so that it can blend in with the natural colour of the lakebed.
- Un-like traditional rig tubing, Fluoro leaders are a solid sinking construction, which means there is no room for air bubbles to get trapped inside, whilst the smooth welded loops reduce tangles, and the diameter ensures they are fish friendly during the fight.
- Available in both standard and ring swivel versions.

OPTI-MEX – FLUOROCARBON HOOKLINK

- Opti-Mex™ is made from 100% fluorocarbon which due its light refractive properties is virtually invisible in water and sinks 4 times faster compared to standard nylon line.
- With its low stretch and incredible abrasion resistance, Opti-Mex™ is the perfect choice for the most demanding of fishing situations that require the best possible presentation.

RIGA-MORTIS – CHOD HOOKLINK

- The ultra-high memory ensures that the shape of your chod rig is retained during the cast.
- It can easily be curved between your thumb and forefinger or straightened by simply stretching between two multi-pull tools.

BALLISTIC – SNAG & LEADER BRAID

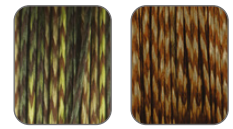

- Ballistic™ is an extremely strong and supple braid with neutral buoyancy and ultra-high abrasion resistance.
- Perfect for shock and snag leaders when fishing in extreme snaggy conditions.

RE-ACTION – FAST SINKING BRAID

- Re-Action™ braid is a fast sinking, super soft, supple braid for hook lengths and particularly ideal for PVA bag presentation.
- Made from a blend of dyneema and polyester Re-Action™ has superb knot strength and abrasion resistance.

HERCULINE – SLOW SINKING BRAID

- Herculine™ blend is a slow sinking braid.
- This extremely soft hooklink is perfect for all rig presentations including super supple rigs to be used in solid PVA bags.

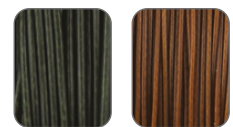

KAMELEON – SOFT COATED HOOKLINK

- Kameleon features multiple colours along its length for the ultimate in hooklink camouflage.
- A fast sinking, soft coated braid, ideal for combi link rigs or can be used un-stripped to create a semi rigid hooklink.

COMBI-STIFF – STIFF COATED HOOKLINK

- A fast sinking, stiff coated braid, Combi-Stiff™ is particularly well suited to clean lake beds.
- Simply use a strip-eaze tool to remove the desired amount of coating to make the perfect combi or hinge style rigs.

ZIG-MASTER – ZIG & FLOAT LINE

- Zig-Master™ line is a Lo-Vis clear monofilament Hooklink that's been specially developed for Zig rig presentations and floater fishing. The low stretch and neutral buoyancy make it ideal for presenting mid-water baits when using Zig rigs or floating surface baits.
- High knot strength and low diameter to breaking strain to ratio.

COMBI-SOFT – SOFT COATED HOOKLINK

- A fast sinking, soft coated braid, ideal for combi link rigs or can be used un-stripped to create a semi rigid hooklink.
- Simply use a strip-eaze tool to remove the desired amount of coating to make the perfect combi or hinge style rigs.

BAIT FLOSS

- Bait floss – An essential item that is perfect for tying on pop-ups.
- Perfect for tying on smooth and hard pop-ups.
- Flat profile and wax finish to grip baits securely.

STRINGER NEEDLE

- Designed for making PVA stringers, its pointed crook ensures the string or tape is held securely whilst feeding baits off the needle.

**BRAID & HARD BAIT NEEDLE**

- Perfect for use with braided hairs, the open needle reduces hair damage, and the point is perfect for hard baits such as tiger nuts or air-dried boilies.

**HEAVY LIP CLOSE NEEDLE**

- This 'all round' needle is suitable for most particle and boilie baits.
- The hinged gate securely holds the hair whilst sliding the bait up into position and is also a great little tool for tying small loops in short hairs.

**FINE LIP CLOSE NEEDLE**

- Designed for use with small boilies or soft baits, the fine wire hook greatly reduces the chance of splitting the bait.
- Also ideal for splicing leadcore or threading on fine silicone tubing onto braid.

**STICK & STRING NEEDLE**

- Designed primarily for threading hooklinks through PVA mesh sticks, the hinged gate closes to ensure that the hook does not catch or damage the mesh whilst pulling the needle through.
- Also perfect for making PVA stringers.

MAGGOT & ULTRA FINE BAIT NEEDLE

- Ideal for use with fine line or braided hairs, the ultra-fine pointed and hardened stainless steel needle reduces the chances of splitting fragile baits such as maggots or corn.

**ALL PURPOSE NEEDLE SET**

- Colour coded set covering every possible angling situation.

This pack contains:

1x Heavy Lip Close Needle (Yellow)

1x Braid & Hard Bait Needle (Orange)

1x Maggot / Ultra Fine Needle (Magenta)

1x Fine Lip Close Splicing Needle (Blue)

**STICK & STRING NEEDLE SET**

- Colour coded set covering every possible angling situation.

This pack contains:

1x Stick & String Needle (Green)

1x Stringer Needle (Red)

**BAIT DRILL**

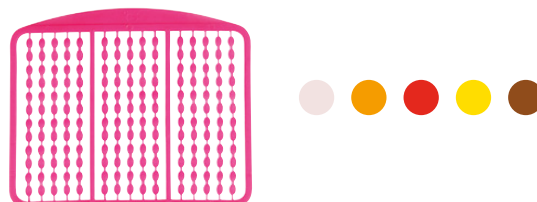

- 1.2mm stainless steel drill
- Perfect for drilling out hard baits such as air-dried boilies or pellets.

**BOILIE DRILL**

- 6mm boilie drill.
- Perfect for drilling boilies or large particles such as tiger nuts, so that Buoyant foam or cork sticks can be inserted to make them float.

**BOILIE STOP**

- Designed to fit snugly against the curved surface of any size of boilie, these discreet buoyant bait stops will securely hold the hair in place.

**CORN BOILIE STOPS**

- Floating imitation Corn Bait Stops provide an excellent visual aid when used with a boilie.
- The 2 hook lengths allow for that diameter of the boilie to be changed without having to change the length of the hair.

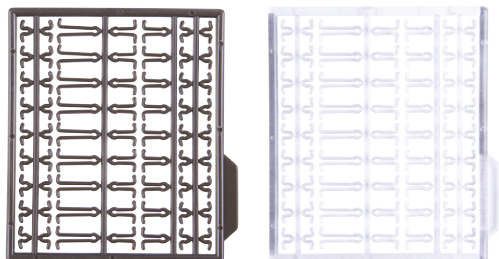

**BOILIE HAIR EXTENDER**

- Designed to allow you to increase your hair length in seconds, perfect for fishing bigger baits or snowman style presentations without the need to re-tie your rig.
- Supplied on frames in 3 different lengths (4, 8, 12mm) for maximum versatility.

HAIR EXTENDER STOP

- Bait stop available in 3 different lengths to suit to different boilies diameters, without changing the hair length.

BOILIE STOP CAPS

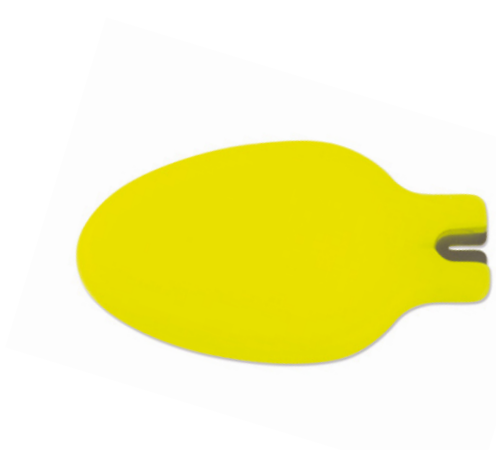

- These specially shaped Boilie Stop Caps are a discreet and neat alternative to traditional style stops hair stops.

LEAD CLIPS PACK

- Probably the most popular method for attaching a lead with safety in mind.
- The force required to 'ditch' the lead is pre-determined by how far the tail rubber is pushed onto the clip.
- Each clip features a hole to accept the small pin to lock the swivel securely into the body (which is essential for the clip to work properly) but can be removed by using the supplied tool.

Camfusion®

LEAD CLIPS

- Probably the most popular method for attaching a lead with safety in mind.
- The force required to 'ditch' the lead is pre-determined by how far the tail rubber is pushed onto the clip.
- Each clip features a hole to accept the small pin to lock the swivel securely into the body (which is essential for the clip to work properly) but can be removed by using the supplied tool.

Camfusion®

Weed Green

METALLIC LEAD CLIPS

- Ultra-resistant up to 350g for extreme fishing.
- Metal Lead Clips to be used with our rolling N°08.
- Includes: 10 metal lead clips and 10 cones.

Weed Green

LEAD CLIP TAIL RUBBERS

- Designed for to be used in conjunction with our Lead Clips and Rig Tube to create a neat and streamlined connection reducing tangles.

Camfusion®

ANTI-TANGLE LEAD CLIP RIG

- Designed to eliminate tangles during the cast these ready to go rigs incorporate our safety Lead Clips and Sleeves which are fitted to 18" of sinking rig tube.
- Supplied with our QC Swivels as standard.

Camfusion®

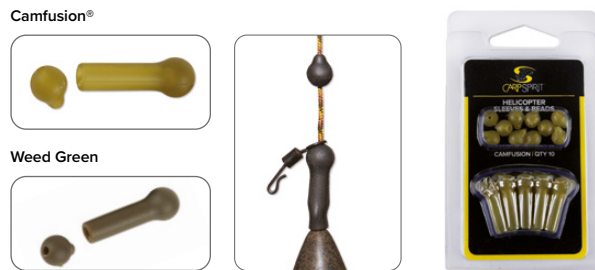

Weed Green

HELICOPTER SLEEVES AND BEADS

- Helicopter Bead is made from a slightly harder rubber to provide cushioning and protect the lead link when playing the fish, whilst the softer top bead features a stepped inner bore to ensure that it can pass smoothly over the leader in the event of a breakage.

RUBBER BEADS

- These semi soft beads have a multitude of uses and are perfect for protecting knots.
- The stepped internal bore also means they can be used on leadcore or fused leaders for chod and helicopter rigs, yet still pass over the knot in the event of a breakage.

ANTI-TANGLE SLEEVES

- Created for use with our QC swivels, these anti tangle sleeves will not only cover and protect the knot, but also reduce tangles by preventing the hooklink folding back on itself during the cast.

SINKING RIG TUBE

- Designed to eliminate tangles during the cast, camouflage the line, and also protect the fish from the line during the fight.

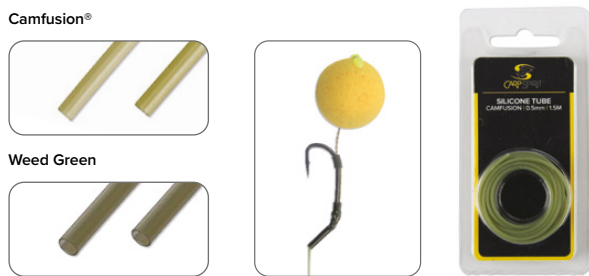

SHRINK TUBE

- 3:1 shrink ratio, perfect for covering and protecting hook knots.
- Excellent shrink memory; you can create a range of shaped hook extensions and improve hooking efficiency.

SILICONE TUBE

- Essential for holding the hair securely in place on the hook shank, Silicone Tube will also help reduce tangles and aid hooking efficiency.

KICKER – LINE ALIGNER

- Designed to create perfect Line Aligner rigs every time without the hassle of shrinking or shaping tube.

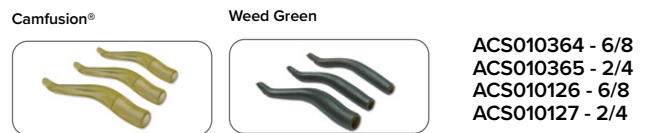

KICKER – WITHY POOL

- Designed to create perfect Withy Pool rigs every time without the hassle of shrinking or shaping tube.

LINE ALIGNER

- These pre-formed hook sleeves create the perfect Line Aligner every time.
- By having the hooklink exit the front of the hook, the turning effect and efficiency of the rig is increased.
- A more aggressive hook angle is also created, making the rig harder to eject.

TUNGSTEN HOOKLINK WEIGHTS

- Tungsten Hooklink Weights are perfect pinning down the hooklink to improve rig presentation.

TUNGSTEN TUBE

- Extremely dense rig tube to keep the mainline pinned down tight to the lakebed.
- Length - 2m
- Internal Diameter - 0.6mm
- External Diameter - 1.85mm

TUNGSTEN PUTTY

- High quality Tungsten Putty that can be moulded directly onto hooklinks to counterbalance pop-ups or to make critically balanced baits.
- Top Tip: to make application and shaping easy, simply roll a small piece of putty between the hands to soften.
- Weight - 20g.

MAGGOT CLIP

- Maggots have long been one of the most effective baits for carp and this bait clip is the perfect solution to fish them on a hair rig.
- Quick and simple to use, simply unclip the point, thread the maggots on and close the clip.

HOOK RIG STOP

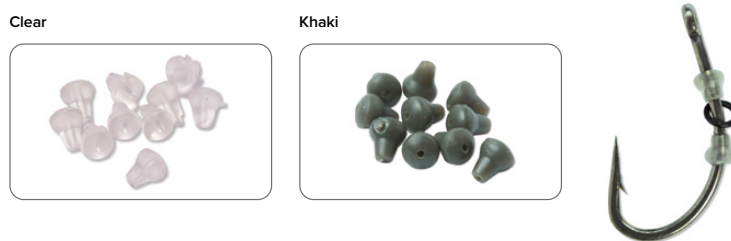

- Designed to create various anti-eject, sliding and 360 rigs by easily be sliding onto the hook shank.
- The rubber used is hard enough to stay put on the cast but will move easily when the hook point penetrates the mouth of a fish.
- Use in conjunction with our Pop-Up Pegs to create a very easy but awesome Pop-Up Rig.

Medium

RIG RING STOP

- Rig Ring Stops are silicone beads that can be threaded onto the hook shank either side of a rig ring 'D' to secure it in place, perfect for making 'D' rigs.
- The special shape ensures the ring does not get trapped and is free to move along the hook shank.

Clear

Khaki

ASSORTED BAIT BAND

- Bait Bands have a variety of uses and are useful to mount hard baits such as pellets and mixers directly onto the hook shank or for making 'D' rigs.

D-RIG POP-UP PIN

- These stainless-steel pins are perfect for making 'D' Rigs.
- Simply insert the pin into the boilie, the barb will ensure the bait stays on even during long casts and the ring can be secured on the hook shank with a rig stop either side.
- Recommended for hard or air-dried baits.

POP-UP PEGS

- Quick and simple to use, simply screw on your pop-up.
- The base ensures water does not penetrate the pop up and prevent the bait from swelling up over the ring.
- The screw thread provides exceptional grip to ensure the bait does not come off during the cast.

ROLLING SWIVEL

- Available in a range of sizes, they are perfectly formed and have a dull, non-reflective, matt-black finish to prevent spooking the fish.

No. 8

No. 11

ROLLING SWIVEL WITH RING

- Originally designed for creating the highest degree of flexibility between your mainline and hook link, they are incredibly versatile, allowing you to create a multitude of bottom, pop-up and zig rigs.

No. 8

No. 11

ROLLING SWIVEL WITH SPEED LINK

- High quality swivels with a pre fitted speed link for quick change of terminal tackle and hooklinks.
- Perfectly formed featuring a dull, non-reflective, matt-black finish to prevent spooking the fish.

BIG EYE SWIVEL

- Big Eye Swivels feature a larger eye to ensure your hook link revolves freely around your leadcore or rig tubing.
- These are the perfect swivels to use for creating helicopter rigs, or for making resistance-free running rigs, or even for marker float set-ups.

QC ROLLING SWIVEL

- QC Swivels are designed for a quick change of hook links without having to cut line and re-tie knots.
- Perfect when fishing with PVA sticks, when the hook link needs to be drawn through the stick and then clipped on to the swivel, simply slide over a tail rubber to keep everything neat.

QC ROLLING SWIVEL WITH RING

- Instantly replace a hook link or lead without having to re-tie rigs, these swivels also feature an additional ring that makes them incredibly flexible.
- Perfect swivels to use when fishing hinged stiff rigs.

CORK SCREW SWIVEL

- Corkscrew Swivels are fast and simple to use.
- Looped hooklinks can be attached and removed quickly and effortlessly, ideal for PVA Sticks and PVA bags where the hooklink needs to be removed.

QUICK LOCK SWIVEL

- Quick Lock Swivels are quick and easy to use.
- Looped hooklinks can be attached and removed quickly and effortlessly, ideal for PVA sticks and PVA bags where the hooklink needs to be removed.

PVA BAG SWIVEL

- The special shape loop makes these swivels the quickest and easiest way to attach a PVA-mesh bag to your setup. Simply pass the knot of your PVA mesh bag through the large loop and pull down between the slim gap to secure into place.

LOCK IN SNAP

- Lock In Snaps have a multitude of uses and are ideal for quick change of many terminal tackle parts and rigs.

QUICK CLIP

- Quick Clips have a multitude of uses and are ideal for quick change of many terminal tackle parts and rigs.

SPINNER SWIVELS

- A quick change purposely designed swivel to create the Spinner rig/Ronnie rig.
- Use a small piece of shrink tube to cover the connection and to keep the hook at the correct angle.
- Each swivel has a dull, non-glare, matt black finish to prevent the fish being spooked.

RINGS

- **Oval Rings** are perfect for making combi style rigs and joining different materials together such as fluorocarbon and braid.
- **Round Rings** are perfect for creating 'D' rigs or 360 style rigs by threading onto the hook shank and securing in place with our hook rig stops.
- Available in 2 sizes: 3.5mm and 3.7mm.

DISTANCE

- These torpedo shaped leads are ideal for long range casting and provide extreme accuracy to.
- Coated with impact resistant rubber and pad printed to easily identify the weight.

TRILOBE

- Excellent for distance, the special flat sides and groves help prevent rolling off and will help rapid rising to the surface during retrieval.
- Coated with impact resistant rubber and pad printed to easily identify the weight.

SQUARE

- These square shaped leads are great for casting, but due to their flat sides will not roll off on sloping gravel bars; the compact shape also provides excellent hooking.
- Coated with impact resistant rubber and pad printed to easily identify the weight.

UNIVERSAL

- Perfect for use in both lakes and rivers, the large flat sides will help the lead hold the bottom and prevent rolling off on sloping gravel bars.
- Coated with impact resistant rubber and pad printed to easily identify the weight.

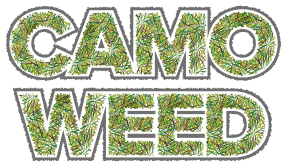

RIVER

- The flat hollow disc shape with raised bumps on both sides creates maximum surface area for holding bottom, perfect for fishing.
- Coated with impact resistant rubber and pad printed to easily identify the weight.

Camo Weed leads offer the ultimate in end tackle camouflage. Each lead is put through a special process to impregnate the surface with thousands of tiny weed green bristles. Camo Weed coating is tough and durable but also short enough to avoid hooklinks tangling in the bristles.

CAMO WEED DISTANCE

- Shape allowing to reach the maximum distances.

CAMO WEED UNIVERSAL

- Universal shape adapted to different fishing conditions.

FEATURE FINDING LEAD

- These specialist leads feature four 'probes' which when dragged back along the bottom help to transmit feeling and vibration through the rod tip.

BACK LEAD

- Flat based and cone shaped, these Back Leads are perfect for sinking your mainline under the rod tip. Supplied with a low friction clip.

BACK LEAD CLIPS

- Perfect for use with our Back Lead Discs.
- Simply hook onto the Back Lead Disc and slide the sleeve over.
- The large loop then be clipped onto the mainline to sink your mainline under the rod tips.

METHOD FEEDER

- High quality moulded Method Feeder.
- The 3-fin design features a weight on one side only so that the hook bait can be positioned on the opposite side to ensure the bait is presented perfectly every time.

PROTECTION MESH

- | TUBE 140

CAT & CRAYFISH

- | SHRINK WRAP BOILIE GUARD 140
- | NET PROTECTION 140

PVA TUBE

- The tube features a tight, anti-ladder mesh construction and the flared funnel loader makes loading of bait quick and simple with reduced spillages.
- Soluron PVA tube is perfect for stick mixes, chopped boilies, ground bait, maggots and more.
- Once empty, tube re-filler spools can be purchased separately.
- 10m PVA tube on a pre-loaded flared funnel.
- 1x plunger included, 1x sealed storage tube.
- Breakdown time approx. 2 minutes in water at 20°C.
- Available in three sizes: 30mm, 22mm and 14mm.

PVA 3 IN 1 TUBE

- Soluron PVA tube '3 in 1' is a complete PVA pack with 3 diameters of tube.
- Made using only the highest quality PVA, the tube itself features a tight, anti-ladder mesh construction and the flared funnel loaders make loading of bait quick and simple with reduced spillages.
- Soluron PVA tube is perfect for stick mixes, chopped boilies, ground bait, maggots and more.
- The funnels stack neatly inside each other for safe storage in the sealed storage tube.
- Once empty, tube re-filler spools can be purchased separately.
- 3x 10m PVA tubes on 3x pre-loaded flared funnels.
- 2x plungers, 1x sealed storage tube.
- Breakdown time approx. 2 minutes in water at 20°C.
- All three sizes included: 30mm, 22mm and 14mm.

PVA TUBE REFILL

- Soluron PVA tube refill spools are perfect for anglers who already have Soluron plungers and funnels.
- Breakdown time approx. 2 minutes in water at 20°C
- Refill spools are available in 5m and 10m in the following sizes: 30mm, 22mm and 14mm.

PVA STRING

- Soluron PVA String is incredibly versatile.
- Perfect for tying off PVA Bags, stringing boilies or even tying back rigs for distance casting.
- Available in Four versions:
 - 151500361 - 1 Strand
 - 151600361 - 2 Strand
 - 151700361 - 4 Strand
 - 022600211 - Multi-Strand

PVA TAPE

- Soluron PVA Tape is perfect for threading on boilies.
- Made using only the highest quality PVA, the flat profile of the tape provides friction when threading the boilies on with a stringer needle.
- This allows the baits to be spaced apart and prevent them closing together during the cast.

PVA BAGS

- Manufactured from high quality film, ensuring the bag is sturdy and unlikely to rip or split.
- Dissolves in about 2 minutes in water at 20°C.
- To be used with boilies, seeds or pellets.

**PVA LOADER STARTER PACK**

- 2 sizes of loader, and closing rings supplied.
- Matching PVA bags included.
- Perfect fit and easy loading every time.
- Spare Bags to match available: Size 1 x 10 and Size 2 x 10.

**PVA BAGS & STRING**

- Manufactured from high quality film, ensuring the bag is sturdy and unlikely to rip or split.
- Dissolves in about 2 minutes in water at 20°C.
- To be used with boilies, seeds or pellets.

**LOADER BAGS**

- Spare Bags to match with the PVA Loader.

**PVA BAG FUNNEL LOADER**

- This funnel loader makes the task of loading up PVA bags quick and simple with a large open top to reduce spillage.
- It features a full length slit down the side so that the hooklink can easily be removed after loading.
- Hi-Viz Yellow colour.

TUBE

- Protection Mesh is a super strong fine mesh that does not dissolve.
- This allows you to fish a huge range of baits that have been previously difficult to use on a hair rig such as hemp, corn, crushed boilies, maggots, and other small size baits.
- The strong mesh construction still allows the colour and the flavour of the bait to pass through.
- It also offers added protection from Cray and Catfish.
- Once empty, re-fill spoils can be purchased separately.
- 7M Protection Mesh on a pre-loaded flared funnel.
- Plunger included.
- Sealed Storage tube.
- Available in two sizes: 22mm and 14mm.

CAT & CRAYFISH SHRINK WRAP BOILIE GUARD

- Simply place a piece of protector over the boilie and then shrink down tight using kettle steam.
- The premade holes still allow the flavour to leak out from the hookbait.
- Available in 2 sizes: 15/20mm and 20/25mm.

CAT & CRAYFISH NET PROTECTION

- Simply place a piece of protector over the boilie and then shrink down tight using kettle steam.
- The premade holes still allow the flavour to leak out from the hookbait.
- Available in 2 sizes: 15/20mm and 20/25mm.

BLAX CARBON THROWING STICK

- Made from lightweight carbon fibre.
- Suitable for boilies up to 20mm.
- Reinforced tip for increased strength.
- Tip: Dip the end of the stick in water if using soft baits to reduce splitting on exit.

PVC THROWING STICK

- PVC Throwing Sticks are lightweight, strong, and durable.
- Each stick features the same specially developed 'J curve' which has been optimised to accelerate and increase boilie speed, aiding accuracy and distance.

METALLIC BAIT CRUSHER

- This version of the Bait Crusher features reinforced metal teeth, which will make light work of even hard baits such as nuts and seeds.

BAITING SCOOP HANDLE

- Made from ultra-strong fibreglass featuring dual grips, simply attach a baiting scoop to the threaded end.
- Sold without shovel.

BAIT SCOOP HEAD

- Made from ultra-strong moulded ABS, simply attach the scoop to a baiting handle using the thread.
- Sold without a handle.

ONE PIECE SCOOP

- Made from ultra-strong moulded ABS this simple and economical one-piece scoop is perfect for baiting up from the boat.

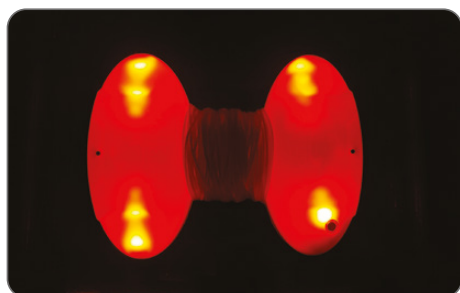

BAITING SHOVEL

- Lightweight baiting shovel with carbon sleeve.
- Screwed-head for space-saving.
- Reinforced handle EVA.

A.L.S MARKER

- Water sensors and Light Dependant Resistors (LDR's) work together so that the Hi-Viz red LEDs will automatically turn on only when the marker is placed in water and when it's dark.
- Accepts 2x AA Batteries.
- Up to 100 hours run time.

DISCOVERY MARKER FLOAT

- Featuring high visibility interchangeable flights, these extremely buoyant marker floats are sold in pairs.
- Both floats are fitted with popular orange vanes and included are yellow and black flights for varying light conditions.
- Manufactured from high impact resistant plastic with the swivel moulded into the bottom to ensure it never pulls out.

STATIC MARKER

- Made from a high buoyancy and Hi -Viz material, simply clip a large weight onto the snap link and drop over the edge of the boat to mark a spot.

- 18 litre capacity.

FOLDABLE BUCKET

- Very practical bucket in waterproof PVC.
- Foldable for space saving.

TRIPOD BUCKET STAND

- Fully adjustable height from 0.9 to 1.3 meters.
- Removable legs.
- Lightweight Aluminium.
- Sold without bucket.
- Weight - 1.75kg.

BOILIE BAG

- Transport and drying bag.
- Anti-mould rubber meshes.

SET OF 4 POP-UP/DIP POTS

- Perfect for storing Pop-Ups and liquid soaked hook baits.
- The lid features an integrated 'O' ring to create a tight seal and prevent liquid escaping during transportation.

BUCKET AND COVER

- High quality moulded bait bucket, perfect for transporting boilies, seeds, and pellets in both wet and dry states.
- 100% waterproof closing lid.
- 13.2 litre capacity.
- Transparent window.
- Level gauge.

BOILIE ROLLING TABLE

- Non-slip base.
- For making baits in sizes 14, 16, 18 and 20mm.

MANUAL ALUMINIUM BAIT GUN

- Features a 0.7l tube for injecting bait.
- Strong & lightweight aluminium cylinder construction.
- Supplied with nozzle that can be cut to any desired size – additional nozzles sold separately.

BAIT GUN NOZZLE

- Graduated nozzle to ease the cutting to the desired diameter.

PNEUMATIC ALUMINIUM BAIT GUN

- Strong & lightweight aluminium cylinder construction.
- Adjustable pressure valve.
- Supplied with nozzle that can be cut to any desired size – additional nozzles sold separately.
- Capacity 0.75L.
- Maximum input pressure 145psi.
