NEW PRODUCTS FOR 2023

We have some exciting products for the carp angler, there's the new 'Big Fish' boilie - Hot Crab & Krill with matching pop-ups, liquid and hard hookbaits - a throw-back to the classic Dynamite Monster Crab. Big boilies are back - 26mm in 1kg! The Source, Complex-T, Hot Fish and Robin Red® by request and the new Hot Crab & Krill. The CarpTec range also has two new flavours - Scopex & Vanilla and Chocolate Orange. For commercial and feeder/match fans our new Durable Hook Pellets are excellent for practically any species and available in five new flavours - The Source, Garlic, Sweetcorn, Strawberry and Tutti-Frutti. New groundbaits not to be missed include a fantastic Robin Red® Method Mix, Swim Stim Margin Mix and Silver-X Naturals mix. In addition, we have introduced some brilliant new Method Feeder Pellets, a new Floating Landing Net head and Bait Tubs.
